

Kentuckians Give Margin To Chandler

Race Between Former Baseball Chief, Judge Hottest in State History

LOUISVILLE, Ky. (AP)—A. B. (Happy) Chandler, the former baseball commissioner, today appeared the winner of his primary election test in his bid to be Kentucky's governor again.

The 57-year-old Chandler built a 15,596 lead over Bert T. Combs, 43-year-old mountaineer judge, for the Democratic gubernatorial nomination. Their race was among the hottest in Kentucky political history.

Last Baseball Job in '51

Chandler, 1935-39 governor and 1939-45 U.S. senator, came back home seeking the executive post after losing the baseball job in 1951.

He ran against powerful party forces: the regular state organizations, rounding out its eighth year in office; U.S. Sen. Earle C. Clements, acting Senate majority leader; Gov. Lawrence Wetherby; and Sen. Alben W. Barkley, former vice president.

Returns from 1,955 of 4,074 precincts in Saturday's primary gave:

Chandler, 146,961; Combs, 131,365; Jesse N. R. Cecil, 2,479.

At this stage, the Louisville Courier-Journal, which supported Combs, said flatly that Chandler and his running mate for the lieutenant governor's nomination, Harry Lee Waterfield, former Kentucky House speaker, had won. Combs commented, "It's a horse race, but I feel we still have a chance."

Counting Resumes

Counting of long ballots, with numerous state and district candidates, resumed today after being halted by state law Saturday midnight. This traditionally Democratic state normally elects a Democratic governor.

An apparently unbeatable lead was amassed by former U.S. Dist. Atty. Edwin R. Denney for the Republican gubernatorial nomination.

Returns from 1,558 precincts gave:

Denney, 29,492; James L. Clay, an attorney, 7,969.

John Sherman Cooper, ambassador to India and former Republican senator from Kentucky, endorsed Denney.

Republicans are hoping the bitter Democratic primary will aid the GOP in winning this fall.

One of the big issues between Combs and Chandler was finances. Chandler contended he could run the state government on its present income, also expanding the common school program. Combs said the state would need an extra 25 million dollars a year for expansion purposes but took no specific stand on any tax proposal. Chandler, who repealed the state's sales tax when he was governor in 1936, said the opposition planned to reimpose this levy.

42 New Polio Cases Occur in State in Week

COLUMBUS, Ohio (AP)—Ohio had 42 new polio cases during the week ended last Saturday for a year's total of 267, the state health department reported today.

During the corresponding week last year, 104 cases were recorded for a year's total to that date of 414. During the week ended last Saturday, 14 cases were in the under five age group, 10 were in the 5-9 age group, and 17 over 10 years of age.

3-Way Deal Approved

Whirlpool Merger Given Justice Department Okay

A proposed merger of the Whirlpool Corp. with two other appliance firms has been granted approval by the Justice Department. The Associated Press reported today.

The merger involves Whirlpool, which will open a plant here for production in the near future; the Seeger Refrigerator Corp. of St. Paul, Minn., and a subsidiary of the Radio Corp. of America of New York. The new firm will be known as the Whirlpool-Seeger Corp.

Whirlpool will begin manufacture of Whirlpool dryers at its Marion plant in the early fall with pilot production and expects to be in full production here early next year.

THE MERGER would create a multi-million dollar combine with total assets of about 130 million dollars and net worth of about \$5 million.

The proposal must still be approved by stockholders of all three companies.

Cooler Air Arrives

Heat Wave Broken By Heavy Rainfall

The summer's longest and most intense heat wave was broken over the weekend when cool air and thundershowers overspread the major part of the country.

The welcome cooling air brought to a close eight straight days of 90-plus temperatures experienced by Marion residents. For four of those days in a row, the mercury climbed to the 94-degree mark.

That mark was missed by only one degree Saturday as the high temperature for the day stood at 93.

HEAVY thundershowers late Saturday night brought the cooler temperatures and dropped nearly an inch and a half of rain in the area. The rain began about 11 p.m. and continued steadily until about 2 o'clock Sunday morning.

Another shower Sunday afternoon brought more rain to some parts of the county than to others. Only a light rain fell in the city, while at the local weather station .07 of an inch was recorded.

Atomic Energy Meeting Opens In Switzerland

Peaceful Use of Power From H-Bomb Seen at International Parley

GENEVA (AP)—Indian scientist Homi J. Bhabha opened the first International Atomic Energy Conference today with the prediction that the way will be found to harness the titanic energy of the hydrogen bomb for peaceful use within 20 years.

Bhabha, president of the 72-nation scientific parley, spoke as hundreds of delegates gathered at the opening plenary session of the conference just 10 years and one day after the first atom bomb leveled Hiroshima.

The conference in the Palace of Nations, designed to parade atom-

Sunday's high temperature was a much less humid 87 and last night the thermometer skidded to 58, the lowest it has been in nearly three weeks.

Fair tonight and Tuesday with moderate temperatures is the forecast for this area. Today, the mercury was expected to climb to between 80 and 85 while the low tonight will range between 56 and 62.

THE COOLING mass of air which lowered temperatures as much as 14 to 20 degrees in the Central plains overspread the East and even the northern parts of Georgia, Alabama and Mississippi.

It was a shivery 42 degrees at Grand Marais, Mich., early today, a drop of 20 degrees from a day earlier; and a more comfortable 54 at Wausau, Wis., 60 at Detroit and 66 at Des Moines.

Death Claims Dr. W. J. Hale, Noted Chemist

Ada, O., Native Was Leader in Research on Agricultural Products

MIDLAND, Mich. (AP)—Dr. William J. Hale, 79, Dow Chemical Co. research consultant and one of the nation's top organic chemists, died today after a brief illness.

Known as the "father of chemistry," a word he coined to describe farm chemistry, Dr. Hale developed processes to increase production of indigo, chloroacetic acid and phenyl ethyl alcohol.

Studied at Miami

Dr. Hale was born in Ada, Ohio, Jan. 5, 1876. He received bachelor and master's degrees in 1897 from Miami University, Oxford, Ohio, then went to Harvard where he received a B. A. in 1898, an M. A. in 1899 and his Ph. D. in 1902.

He won a traveling fellowship that took him to the German universities of Göttingen and Technische Hochschule, Berlin, before becoming an instructor in chemistry at University of Michigan in 1904.

While at Michigan, he met the late Dr. Herbert H. Dow, founder of the Dow Chemical Co. and the two became associated in research that later led to processes for quantity production of chemicals. Dr. Hale was married in 1917 to Helen Dow, eldest daughter of Dr. Dow. On her death in 1918, Dr. Hale resigned a chemistry professorship at the University of Michigan to become director of Dow's organic research laboratory.

15 Soldiers, Four Koreans Hurt in Riots

GIs Guarding Neutral Supervisory Inspection Team Stoned by Mob

SEOUL — Fifteen U. S. Soldiers and four Koreans were reported injured in renewed riots against Communist truce inspection teams Sunday night and today. But the U. S. Army denied Korean police reports that U. S. soldiers bayoneted five Korean demonstrators.

None of the U. S. soldiers was hurt seriously in two rock-throwing demonstrations at the southeast port of Pusan, where the soldiers were guarding quarters of the Neutral Nations Supervisory Commission teams.

13 Injured Sunday

Nine of the soldiers and four Koreans were injured Sunday night and six more soldiers were hit by rocks in another outbreak of violent demonstrations today.

The 8th army said six Americans were given dispensary treatment for slight injuries. It said they included Sgt. William D. Perry, Sandusky, Ohio.

Korean national police said a U. S. soldier slightly cut a Korean with a bayonet at Taegu in prodding him to get moving. The 8th Army said it had no information.

Police estimated some 30,000 Korean laborers milled through Pusan streets throughout last night.

Other demonstrations were reported at the west coast ports of Incheon and Kunsan.

South Korea's government awaited an answer, meanwhile, to its demand that all NNSC teams get out of the country by Saturday.

Charges Reds Are Spies

The commission is composed of members from Switzerland and Sweden and pro-Communist Poland and Czechoslovakia. The ROK government charges the Pole and Czech members are spies for North Korea. It also wants the Swedes and Swiss to leave.

In a letter to the ROK government, the 8th Army asked its "cooperation for common objectives and not to resort to force or any violence." an ROK government source said.

The 8th Army in a release said reports that American military guards had bayoneted three Koreans in the Saturday Pusan rioting were false.

In the protest, Kim Chang Heung, chief of the national police, charged that U. S. soldiers wounded the Koreans Saturday and used tear gas Sunday in restoring order at Pusan and Kangnung.

Try To Cut Water Lines

Police said last night's Pusan rioting broke out when Korean demonstrators tried to cut the water supply line into the Hialeah compound housing truce inspection teams.

There were no reports that the line had been cut.

Riots flared Sunday at Taegu, midway between Seoul and Pusan; at Kunsan on the west coast; and at Kangnung on the east coast.

The U.N. Command has responsibility for guarding the truce teams.

An ROK source said the government had sent word to the demonstrators "not to resort to violence but that they can use any other means to insult and humiliate the Czechs and Poles."

In Washington, officials displayed little sympathy for strong-arm methods which have marked the demonstrations against the truce teams.

Donald Decker Loses Life

Local Navy Man Drowns While on Swim in Florida

Donald Dean Decker, sonar seaman, U.S. Navy, 19, of Marion, stationed with the Navy at Key West, Fla., was drowned Saturday while swimming at Bahia Honda Key in Monroe County, Fla.

With him at the time of the accident were his wife, Catherine, who has been living with her husband at Key West, two of her brothers, Harold and Jerome Jackson, both of Marion, and Murray Lavender, also of Marion. The three Marion men had gone to Florida on vacation and were visiting the Deckers, having arrived there last Thursday.

Members of the swimming party do not know what happened to cause the drowning. Decker was swimming out further from the group when suddenly his wife missed him. The men went for help but it was too late to save him.

Decker received his basic training with the Navy at Bainbridge, Md., and was graduated from Sonar School at Key West, Fla.,

Leader of 11 Airmen Says Torture Used by Chinese To Get 'Spy' Confessions

DEMONSTRATES TORTURE. Col. John Knox Arnold Jr., at a press conference in Tokyo, illustrates one method of torture used on him by the Chinese Reds. "They had one gadget, a one-piece thing that went around the wrist and held the hands so you could not move them. When they closed them it closed off the circulation. I was put in that many times—the longest 96 hours. There was a great deal of pain . . ." Another crew member, Maj. William H. Baumer, Lewisburg, Pa., is in background.

Lausche Picks Cuyahoga Site For Pike No. 2

Governor Says Choice Of Eastern Route Will Assure Construction

COLUMBUS, Ohio (AP)—Gov. Frank J. Lausche today picked eastern Cuyahoga County as the best route in that area for the Conneaut-Cincinnati turnpike.

The 39-mile section lies between Ohio 84 and the nearly completed east-west Ohio Turnpike running south of Cleveland.

The mile-wide band within which turnpike No. 2 will run lies between a proposed route in Geauga County and a hotly contested route further west in Cuyahoga County.

The westerly route ran through a number of Cleveland suburbs whose residents said a turnpike would disrupt their communities. Lausche's selection, made after an aerial inspection of the route over the weekend, said:

"Based upon the recommendation of Samuel O. Linnell, the director of highways, I have decided that turnpike No. 2, with respect to the line that will run from the vicinity of State Route 84 to turnpike No. 1, shall be built in Cuyahoga County."

"A turnpike serving the motorist traveling diagonally across the state from Conneaut to Cincinnati is vitally needed."

"To insure its financial feasibility requires the line connecting State Route 84 with turnpike No. 1 to be in Cuyahoga rather than Geauga County. The revenues that will come from the 39 miles of the turnpike lying approximately between State Route 84 and turnpike No. 1 will be at least three times

Recess Called As U.S.-China Talks Stumble

GENEVA (AP)—The United States and Red China were reported bogged down today over procedure on the proposed repatriation of civilian nationals of the two countries.

After a meeting of almost 2 1/2 hours, Ambassadors U. Alexis Johnson and Wang Ping-Nan called another 48-hour recess without announcing any progress.

The discussions up to now have been confined to the problem of releasing 40 American civilians held by the Peiping regime and repatriating an indefinite number of Chinese students the Chinese Communists declare are being detained in the United States.

"The discussions will take some time," a Chinese Communist source said.

This source indicated the talks were tied up on two main points: 1. A Chinese Communist demand for a list of Chinese nationals living in the United States. It was understood Wang has not spelled out whether this covered only students or all persons of Chinese descent.

2. A Chinese Communist demand that India be permitted to act as a third party in representing the interests of the Peiping regime

Shivers Is Still Opposing Adlai

Texas Governor Says He Won't Support Him

CHICAGO —Texas' Democratic Gov. Allan Shivers, who fought Adlai Stevenson's candidacy three years ago, still doesn't think Stevenson is presidential timber.

"I will oppose the nomination of Mr. Stevenson for President in 1956," Shivers, one of the early arrivals for this week's Governors Conference, told a reporter yesterday.

"And should he be nominated, I will not support him."

Shivers, a United Democratic nominee Stevenson to support President Eisenhower in 1952.

"If the Democrats can bring forward a good man as a presidential nominee," he said, "a man who understands the problems of all sections of the nation, he will win."

Presidential politics is likely to be the chief behind-the-scenes topic of the conference opening Tuesday. In the conference's business sessions, highways and mental health problems are expected to hold the spotlight.

There are reports that Stevenson, former Illinois governor, plans private talks with several of the 26 Democrat governors due to attend the conference. Stevenson has not announced whether he will seek the 1956 nomination.

Woman's Body Found; Killer Believed Fiend

Maniac Sought in Two States for Murder of Kansas City Socialite

KANSAS CITY (AP)—Discovery of the nude body of Mrs. Wilma Allen, 34-year-old socialite, touched off an intensive two-state search today for her killer, possibly a sex maniac.

Her body was found 20 miles southwest of here Sunday, three days after she mysteriously disappeared while shopping in Kansas City. She had been shot twice in the head and her hands were tied behind her back with a pink scarf.

She was the mother of two young sons. Her husband is William R. Allen, wealthy automobile dealer. Officers in Missouri and Kansas believed her death could be attributed to a sex motive. Robbery, however, was not ruled out. Her rings were missing and her purse, found several miles from the body, was empty.

Officers said puzzling aspects of the case included:

Why the killer placed nearly all of her clothing in the trunk of her car. The bloodstained car was found last Friday near Kansas City's Union Station.

Why the body wasn't hidden. Why her car was parked beneath a viaduct near downtown Kansas City.

Why the purse was discarded on a roadside where it could be easily seen—if the killer were trying to cover his crime.

Coroner David S. Long Jr. said the state of the body might make

Girl Ponders Problem—Which Husband To Keep

NEVADA CITY, Calif. (AP)—Una Schmidt-Fine took her little boy and moved off by herself today, trying to decide whether she wants to remain the wife of a returning prisoner of war or of a logging tractor driver.

Una, a slightly built brown-haired woman of 20, says she married logger Alford E. Fine in the belief that A.2.C. Daniel C. Schmidt was dead. He and 10 others in a B29 were shot down Jan. 12, 1953, during the Korean War.

Telephones Airmen

Una talked by telephone Sunday with Schmidt, who is in Tokyo on his way back to America after 32 months in a Red Chinese prison.

After the call, her attorney Harold Berliner said she had separated—at least temporarily—from the logger.

Just what she and Schmidt talked about was not made public. Berliner did say:

"Una and Al believe it is best for all concerned that they live separate and apart until such time as their problems are solved. In fairness to Airmen Schmidt, there will

Reports Ten Broke Under Heavy Strain

Men Scheduled To Be Flown To States From Tokyo on Wednesday

TOKYO (AP)—The Chinese Reds inflicted months of excruciating physical and mental torture on 10 of 11 U. S. airmen to wring statements to convict them as spies, Col. John Knox Arnold Jr. told a press conference here Sunday.

The 11 men, released last Thursday at the Hong Kong border, are scheduled to leave Tokyo Wednesday morning for home in two U. S. Air Force transports.

2 Routes Considered

Air Force spokesmen said two routes were being considered for the homeward flight. One would take them to Travis Air Force Base, Calif., via Alaska and McChord Air Force Base, Wash. The other would go via Honolulu, which would have better medical facilities en route "although we don't expect to need them."

From Travis the men will be flown to the bases nearest their homes for 30-day convalescent leaves.

Arnold led the others Sunday in telling of their treatment during 2 1/2 years in China.

"They used 'persuasion' that civilized people simply do not know about," he said.

He told of being slugged in the face with his hands tied behind him, of tourniquet-like manacles, of being "forced to stand until you started screaming." Then he broke down briefly.

Arnold, of Silver Spring, Md., commanded a B29 shot down Jan. 12, 1953, while on a Korean War leaflet-dropping mission over North Korea. Peiping's Communist propaganda radio announced last November that Arnold and his 10 crewmen had been convicted of invading over Manchuria on a spying mission.

Arnold was sentenced to 10 years. The others got from four to eight.

"They told me sooner or later they would get from me what they wanted—but they didn't get it," declared the thin, tired-looking colonel.

He said he never had confessed to intruding over China or to being on a spy mission.

Ashamed of Breakdown

"But I told those people things that would have been better if they did not know. I am very much ashamed . . . I am not proud of it," he said.

The only statement he signed, he said, was one that his air unit, the 581st Aerial Resupply Group, had come to the Pacific to aid countries in danger of being over-

Four Injuries Reported From Auto Collisions

21 Accidents Listed In City and County For Weekend Period

Two persons were injured in 12 weekend traffic accidents investigated by city police. State patrolmen from the Marion post reported two persons were hurt in seven accidents in the county. The sheriff's reported two no-injury mishaps over the weekend.

Mrs. Libby Babich of 569 Hane Ave. suffered a bump on her head in an accident at an alley intersection between State and Main Sts. at 6:36 p.m. Saturday. She was a passenger in a car driven by her husband, Samuel Babich, 35, of the same address. The Babich car collided with another car operated by Lloyd Wayne Miner, 24, of 220 Gurley Ave. Mrs. Babich required no medical attention.

Treated at Hospital—A 75-year-old pedestrian was admitted to Marion General Hospital following a mishap at E. Church and Baker Sts., at 6:35 p.m. Sunday. A car driven by Noah James Healea, 52, of near New Bloomington, traveling west on Church St. struck Clara Lippincott, 334 E. Church St. Mrs. Lippincott was taken to the hospital by Healea.

Sunday at 8:24 p.m. at North Main St. and London St. two cars were damaged in a three-car mishap. Cars driven by Charles Reynolds, 23, of 383 Regent St. and Miles W. Severns, 27, of 775 York St. and a parked car owned by Robert Seckle of Bucyrus, were involved. The Severns and Seckle cars were damaged.

A car and a tree figured in an accident at 706 Mt. Vernon Ave. Sunday at 6:30 p.m. Police reported a car driven by Samuel House, 27, of the Ideal Hotel slid into a tree after he applied his brakes. The right front end of the car was damaged.

Two cars collided in a park drive at Garfield Park Sunday at 4:04 p.m. Involved in the collision were cars driven by James Allen Parish, 16, of 478 E. George St. and Dallas Anson Chapman of Richmond.

Two cars were damaged in a mishap at S. Main and Church Sts. at 12:11 a.m. today. Involved in the collisions were vehicles operated by Carl Bayes, 19, of Edna's Hotel and Edwin Graham, 20, of 152 1/2 N. State St.

A car driven by Doreen E. Laucher of near Marion struck the rear of a vehicle driven by Bill Lee Hess, 31, of Welch, W. Va. at S. Main and Hill Sts. at 11:33 a.m. Saturday.

Car Strikes Pole—A car struck an Ohio Edison power pole in an accident at 302 N. State St. Saturday at 1:10 p.m. Police said a car driven by Mrs. Grace L. Kay of 770 King Ave. attempted to stop at a traffic light, but her brakes failed.

A collision on Court St. Saturday at 9:15 a.m. resulted in damage to two cars. They were driven by Richard R. Staylor, 31, of Fort Hayes at Columbus, driving a U.S. Government vehicle, and Harry W. Roberts, 30, of 430 Windsor St.

Three other accidents resulted in damage less than \$100, police estimated.

Two Injured in County

Two persons sustained minor injuries in seven accidents investigated by the state highway patrol over the weekend.

No one was injured in an accident which occurred at 10:45 a.m. Saturday on Marion County Road 174 about one-half mile north of Route 30-S.

A northbound car driven by Carrie K. Abbott, 29, of 142 Glad St. went off the road on the left side and damaged porch posts on a house owned by William Lawrence of near Marion and occupied by

County Air Conservation Tour Termed Successful

108 Make Study of Farm Methods Here, See Tractor Contest

Officials of the Marion County Soil Conservation District today termed the conservation air tour held Saturday as "successful."

There were about 108 persons who made the tour from the Marion County Airport, flying over local farms and skirting the edges of Marion.

Most of the crowd came about the middle of the afternoon following a light turnout in the morning. Good flying weather prevailed most of the day except for a few times when rain appeared imminent.

IN A TRACTOR operation contest held in connection with the tour at the airport, Claridon boys took most of the honors winning three of the four spots at the Marion County Fair.

First place winner was Harry Kramer of Claridon. Ted Uhl of New Bloomington was second, while Kenneth Collmer and Howard Seckel, both of Claridon, placed third and fourth respectively.

Those four will engage in a contest at the county fair with the winner there going to the Ohio State Fair for the state competition.

Besides being advanced to the county fair, the four winners Saturday were awarded free plane rides along the route of the air tour.

Several planes were on hand to pilot the passengers around the county.

They passed over farms owned by Z. C. Kline, Alfred G. Laucher, Oscar J. Kaufeld, John E. Ruth, Victor H. Kreis, Harry Laucher, C. W. Taylor, Carl Rider, Robert Vance, H. W. Jenner and the DeKalb Agricultural Association. The planes also passed the Green Camp School farm, the pumping plant of the Marion Water Co., Marion General Hospital, Marion Municipal Airport, radio station WMRN and the Marion Training School.

THE MARION COUNTY Implement Dealers had a display of farm machinery set up near the main hangar where the tour was held, and pictures and movies of conservation practices and the sights on the tour were on display at the main hangar.

Local conservationist gave briefings to the passengers before each flight.

The tour was sponsored by the conservation district in cooperation with the Marion County Extension Service, the Marion County Green Acres Committee, the implement dealers, the airport, the Marion County Bankers Association, The Marion Star and WMRN.

Clyde Green, A mailbox also was damaged.

Minor damage resulted to the car, and the driver was arrested on a charge of reckless operation and is to appear Saturday in Municipal Court. Sheriff's deputies also investigated this accident.

One person was believed to have been injured in an accident which occurred at 11:35 p.m. Saturday on Route 23 about one-half mile north of Waldo.

A northbound car driven by Thomas H. Turner, 26, of near Marion collided with a southbound car owned by Emerald M. Lightner of near Delaware. Turner told patrolmen the Lightner car swerved across the highway and back again when they collided.

Taken to Hospital

The driver of the Lightner car was taken to a Delaware doctor's office by a passing motorist. Heavy damage resulted to the front end of Turner's car and extensive damage to the left side and front end of the Lightner car. Jerry R. Bault, 24, of 120 N. State St., escaped injury when the car he was driving south on Route 4 went out of control after crossing the Chesapeake and Ohio Railroad crossing south of Marion and then rolled over.

The driver was arrested on a charge of reckless operation and was to appear today in Municipal Court.

No one was injured in a collision at 1:25 p.m. Sunday on Route 98 about two miles north of Waldo. A southbound car driven by Lon L. Earl, 19, of near Marion was not able to stop in time to avoid striking another southbound car which had slowed down to make a left turn into a private drive.

Driver of the other car was Donnie L. DeGood, 22, of 785 Nelson St. Moderate damage resulted to both vehicles, and Earl was arrested on a charge of failing to stop within an assured clear distance and is to appear in Municipal Court on Saturday.

Joyce Lynn Yost of 183 Silver St. sustained a bump on the forehead but was not treated when the car in which she was a passenger struck another northbound car, which was stopped behind traffic, driven by E. M. Kampits, 45, of Greenview Conn.

Driver of the other car was Frederick P. Yost Jr., 23, of 183 Silver St. Moderate damage resulted to both vehicles from the accident which occurred at 2 p.m. Sunday on Route 23 just north of the city limits.

Yost was arrested on a charge

Traffic Cases In City Court

Nine drivers were assessed a total of \$205 and costs on various traffic violations Saturday in Marion Municipal Court.

Largest of the fines was one for \$25 and costs levied against James Luther Poole, 39, of 396 Senate St. He was charged with speeding. Two drivers forfeited \$35 bonds when they failed to appear for hearings. They were John Bodary, 25, of Dearborn, Mich., speeding, and Earl Whitt, 20, of Genesee, Mich., improper parking.

All other fines were for \$15 and costs. The drivers and their charges follow: Thomas Colby, 36, of 526 Tyler St., reckless operation and resisting arrest; D. L. Ebright, 39, of Fremont, crossing over a yellow line; Leonard Valodin, 38, of 135 E. Farming St., Paul E. Kunkle, 59, of 378 Brightwood Dr., Robert Henderson, 27, of Philo, N. E. Swick, 33, of Newark, C. T. Miller, 31, of Melvindale, Mich., all on speeding charges; Paul D. Hildebrande, 59, of 117 N. Vine St., failure to have the assured clear distance ahead; and William Redmond, 24, of 771 Oak Grove Ave., no muffler.

All other fines were suspended. Drivers and the charges were: S. H. McKee, 29, of 411 Park Blvd., reckless operation; C. W. Walker, 28, of Veterans Housing, reckless operation; Lois Marie Williams, of Green Camp, speeding; Floyd Unterreiner, 49, of Reynoldsburg, speeding; Wilda B. Fisher of 310 W. Church St., crossing a yellow line; Frank Sterling, 46, of 159 1/2 N. Main St., no brakes and operating on a temporary permit; and George McGuire, 35, of 1203 Bryant St., failure to have the assured clear distance. All the suspended fines were for \$15 and costs.

Seven drivers were assessed a total of \$140 in Municipal Court Wednesday.

Charles Russell Jr., 27, of 669 1/2 W. Center St. was fined \$50 and costs on a charge of failure to return his license tags to the state on demand of the registrar of motor vehicles. The affidavit for his arrest was signed Walter Doudna, investigator for the registrar. Russell was arrested several months ago on a charge of leaving the scene of an accident and in a subsequent court hearing his driver's license was suspended.

In such cases the registrar of motor vehicles mails a demand to the driver that he send the license tags for his car to the registrar's office in Columbus. Doudna charged that despite several such written demands Russell failed to comply and refused to turn the license tags over to Doudna when he asked for them.

Each of the other drivers was fined \$15 and costs. They were: W. J. Criley, 26, of near Caledonia, failure to yield right of way; John Biglin, 20, of near Crestline, no driver's license, fine and costs suspended; G. E. Reed, 23, of near Cardington, illegal muffler; C. H. Lynn, 52, of 130 N. Main St., illegal parking; Carl Richards, 23, of Hilliards, O., failure to heed stop sign, and Henry Schwarzel, 80, of Columbus, failure to heed stop sign.

District Traffic Arrest

One arrest was made outside of Marion County over the weekend by state highway patrolmen from the Marion post.

Charles E. Keys, 19, of Buffalo, N.Y., was fined \$10 and costs when he appeared before Mount Gilead Mayor Emory Murphy on a charge of passing over a yellow line.

Two arrests were made Wednesday outside of Marion County by state highway patrolmen.

Eddie H. Flick, 22, of near French Lick, Ind., was fined \$30 and costs on a charge of unsafe operation when he appeared before Cardington Mayor Don Healea.

Florence M. Parsons of Vermilion was fined \$20 on a charge of reckless operation when she appeared before Mount Gilead Mayor Emory Murphy.

Hale

(Continued From Page 1)

Dr. Hale was the author of several textbooks on chemistry, including "Chemistry Triumphant" in 1932 in which he predicted the present silico-plastics age. His recent publications included "Farmward March" and "Chemivision," dealing with his studies in chemistry.

Shortly before his final illness, Dr. Hale returned from Europe where he visited his only daughter and her husband, Wiley T. Buchanan Jr., U.S. ambassador to Luxembourg.

Funeral plans were not complete.

more. Under the proposal, Sears and RCA would retain a combined stock interest in the new company of less than 50 per cent of the total outstanding stock. Each would agree to have any stock in excess of 20 per cent of the total outstanding voted by the president of the new firm, Elisha Gray who is now president of Whirlpool.

The plan calls for the issuance of 5,785,000 shares of \$5 par common stock and 211,000 shares of non-voting 4 1/2 per cent cumulative preferred stock with a par value of \$80 per share.

THE NEW STOCK would be distributed as follows: about 3,000 shares of common on a share-for-share basis to Whirlpool holders; about 1,548,000 shares of common and the 211,000 shares of preferred to Seeger stockholders on the basis of 1 1/4 shares of common and 3-16ths share of preferred for each corresponding share of Seeger stock and about 1,157,000 shares of new common to RCA holders.

RCA has agreed to work out an arrangement covering the use of its trademark in combination with Whirlpool.

Officials of Whirlpool pointed out that the merger was an outgrowth of consideration over how best to cope with new developments in the appliance field and how to retain a fair share of industry sales.

Earlier this year Whirlpool purchased the plant formerly operated by the Marion Industries Division of Motor Products Co. west of Marion. The company hopes to have 1,500 on its payroll when in full operation.

Last year Whirlpool sales totaled \$169 million on which the company reported earnings of \$9,185,038 equal to \$2.98 a share.

In March, Robert E. Wood, chairman of Sears told a congressional committee that Sears owned about 30 per cent of the 3,079,524 outstanding shares of Whirlpool.

Seeger manufactures the Cold-spot line of refrigerators, farm and home freezers and dehumidifiers for Sears and commercial refrigerators, display cases and ice-making for the refrigerator division of General Motors Corp. It also makes bulk milk storage tanks, compressors and aircraft parts.

DURING 1954, Seeger reported sales of \$112 million and net profits of \$5,986,829 equal to \$5.32 a share. Sears owns about 348,335 common shares of the 1,125,685 outstanding shares of the firm.

RCA products which would be included in the new corporation are gas and electric ranges sold under the trademark RCA Estate and room air conditioners bearing the RCA name.

Gray would become president of the new combine and be its chief executive officer. Walter G. Seeger, chairman of Seeger, would become chairman of the new company. Both Sears and RCA would have minority representation on the board of directors of the new firm.

Hurricane Passing By Bahama Chain

MIAMI, Fla. (AP)—A weather drama now shaping up will determine in the next 24 hours whether the U. S. Eastern Seaboard will feel the 135-mile winds of hurricane Connie.

The first big hurricane of the year plowed steadily along over the open sea at about 15 miles an hour. It was bypassing the Bahama island chain, its center about 200 miles from the nearest land.

"We're sweating it out," said Walter R. Davis, storm warning forecaster. "Our best judgement now is that Connie will turn northward, then northeastward. Time will tell."

"If warnings are required, they will be issued in plenty of time."

"I repudiated that statement at the trial," he said.

His navigator Capt. Elmer F. Llewellyn, Missoula, Mont., also denied the Red charges.

"We were never in their damned China," Llewellyn shouted, his fists clenched, as he turned from a large map of Korea.

He had just pinpointed a spot on North Korea's west coast, 40 miles south of the Yalu River boundary, as the one where her B29 was downed in flames by combined MIG and anti-aircraft fire.

Mrs. Cooper, 94, Succumbs to Lengthy Illness

FOREST — Mrs. Mary Ann Cooper, 94, who with her brother Alva M. Wilson, were known as the oldest living twins in the United States, died at San Antonio Hospital in Kenton Sunday at 9 p.m.

Mrs. Cooper had been a patient in the hospital for over a year. She was born Oct. 20, 1860 in Delaware Township, Hancock County, to John G. and Mary Ann Higgins Wilson.

She married John W. Cooper on Sept. 30, 1883. He died in 1945. She was the mother of eight children who survive. They are three sons, Hayes H. of 518 E. Church St., Marion, Clarence E. and Alva A. of Forest; and five daughters, Mrs. Avonelle Martin of Warsaw, O., Mrs. Leola Oates of Forest, Mrs. Fay Hartman of near Forest, Mrs. Marie Lehman of Forest and Mrs. Mary Ann Stevenson of Galion.

Also surviving are 13 grandchildren, 13 great-grandchildren and one great-great-grandchild.

Her twin brother survives as does another brother, William H. Wilson of Forest and one sister, M. J. Effie Meeks of Forest. Four sisters preceded her in death.

She was a member of the Eureka Methodist Church. Funeral services will be held at 2 p.m. Wednesday at the Shields Funeral Home in Forest, with the Rev. R. T. Landes officiating. Burial will be in Hueston Cemetery. Friends may call at the funeral home at anytime.

Dr. Sam To Appeal To Supreme Court

COLUMBUS, Ohio (AP)—Dr. Samuel H. Sheppard notified the Ohio Supreme Court today he would appeal from his life murder conviction.

Atty. William J. Corrigan of Cleveland filed the notice of appeal and was given until Oct. 15 to submit briefs.

Dr. Sheppard, osteopath of Bay Village near Cleveland, is serving a life term in Ohio Penitentiary for the murder of his pregnant wife Marilyn on July 4, 1954.

Sheppard was convicted of second degree murder and will be eligible for consideration for parole in 10 years.

Miranda Fans Line Up For Turn To View Coffin

HOLLYWOOD (AP)—Hundreds of faithful fans lined up in 90 degree heat outside a Hollywood mortuary awaiting their turn to pass by the bronze coffin of actress Carmen Miranda.

The body of the little Latin performer lay in state Sunday.

The 41-year-old actress died of a heart attack early Friday in her Beverly Hills home following a strenuous performance the night before with Jimmy Durante for a filmed television show.

A Brazilian government plane is to take the body to Rio De Janeiro for additional services there.

Good Will

SOKOLSKY

The slogan, "Peace and Prosperity," is appealing. Nobody is against either. Peace is wonderful, as Father Divine discovered when he entered upon a career of selling peace as a commodity. Prosperity adds to our material well-being and for a long time we have all been seeking it.

In fact, whoever speaks ill of "Peace and Prosperity" confesses to being a crank, a shrew, a complainer, a harping critic. This makes it very tough for the Democrats who cannot say they are against "Peace and Prosperity"; yet must try to defeat Eisenhower in 1956 if they are not to permit the Republicans really to become entrenched in Washington. It is so much easier to chop off hold-over heads in a second term than in a first. Besides, some people just die off or retire.

THE DEMOCRATS are undoubtedly also embarrassed by Senator Walter George, a man highly respected and senior. George has followed in the footsteps of Senators Vandenberg and Wiley, who, as chairman of the committee on foreign relations, felt the mantle of statesmanship fall upon them, and thereupon became supporters of the administration in power. Senator George goes a step further: He pronounces the administration's

By George Sokolsky

policy before John Foster Dulles or the President get around to it. In fact, it would not be amiss to call the era of good-will, the George policy, as he has done so much to promote it and has put his high prestige behind it. The George policy of good-will has been reciprocated by Nikita Khrushchev, so that realistically it might be called the George-Khrushchev policy of peace on earth, good-will to all men in our times. The ideal is noble and as President Eisenhower has made the most of it, surely it ought to re-elect him, which could do the Democrats no good.

IF NEXT YEAR, nothing untoward happens, the George-Khrushchev policy will have proved that those who believed that war could come between the United States and Soviet Russia were all wrong and President Eisenhower will be more popular than ever and will be re-elected and the Republicans will seed themselves down as a perennial power in Washington. In fact, President Eisenhower himself said as much at the Republican ballyhoo breakfast.

But no taxes are to be cut, and as Senator Bridges said, the budget must be balanced before we get a tax cut, which may happen after most of us have to our just deserts, which is not a pleasant thought. If we are so prosperous, why do not taxes go down? And shall we be making gifts to Khrushchev as we have made them to Tito out of the earnings of the taxpayers? Perhaps that is just one of those anxieties which

First-Hand Proof

VICTOR RIESEL

I went out with the Japanese special anti-narcotics national police on a raid of opium dens so I could see for myself that the Communies were selling smuggled heroin to our GIs.

That's exactly what we found.

No one from now on—not the Army, not the State Dept.—will be able to deny that the Communist international is in the opium business, both to demoralize our young soldiers and to help pay for the infiltration of strategic unions here.

But let me give it to you as it happened. You judge for yourself whether the Communies have ended their cold war.

This raid started atop the Kanagawa Prefecture government building. Veterans of this tough port city will remember the building. It is right opposite the old wartime headquarters of our 8th Army.

ALONG WITH several special Japanese narcotic agents, I climbed 7 flights — no easy stunt after years of Lindy's food. There on the roof, in a cunuset hut which is the Yokohama anti-narcotics headquarters, we were briefed. There were 11 plainclothes agents and myself.

Plainclothes here means the ubiquitous white shirt and ordinary trousers — no tie, no jacket. These men worked smoothly and treated me like a Dresden doll surrounded me with gun-toting (.38 calibre) agents every moment. We piled into cars and slow-

ly made off across Yokohama to a bawdy, vicious, Korean section teeming with pan-pan girls amid rows of typical clapboard Japanese-style, two-story buildings, each a disease-infected opium and girlie den.

We surrounded the house — and I don't mean home — of a Korean madame by the name of Jo Tattan. It was number 7, in number 2 Block, Kogane Mati, in Naka-Ku.

THE SPECIAL NARCOTICS agents had been watching her house for some time now. The other night they counted 15 GIs who had come in asking for the "stuff." The agents, working closely with the CID of our own army, decided to crack down. Furthermore, these agents believed Madame Tattan to be a Communist, who was mixing business with pleasure.

We closed in. Some agents went in the back. I moved in the front, but so strong is Japanese traditionalism, we all had to stop and remove our shoes — and raided the joint in our stocking feet.

No one enters even the lowest Japanese house in his shoes. At this point, all I could think of was that one of the hop-headed characters, who were crowding the street outside, would steal my only pair of shoes and that Pan-American Airways would have to lift me shoeless around the world.

IN WE WENT. Upstairs we found a GI. In special caches we found four packs of heroin, deadly dope. The soldier's girl had practically perforated arms — especially on the inside of the elbow joint. She was an addict who used the needle.

The GI was dismal, of course. The agents got his name, and the kid will get his from the Army.

These joints are off limits, in addition to everything else.

The agents stripped the four upstairs cubicle — like rooms, opened the cardboard roof and secret closets, ripped open all bed clothing and did a job on the downstairs kitchen.

Madame Tattan was in handcuffs. Suddenly up came a brawny shirtless Korean goon who tried to protect her. The trim little Japanese agents pushed him gently. But I never saw anyone land in a muddy gutter as swiftly as this would-be protector of the slimmest sin den I've ever seen.

WE LOOKED into the other houses — but from the outside. We had only one search warrant. That was for Number 7. We could not touch the other joints. But they were doing a flourishing business. Eventually they get raided, for there are raids each night.

The agents with me had been working straight through from the previous evening and some could barely keep their eyes open. And I soon learned they earn all of \$35 a month, about 9 dollars a week.

THEY SHOWED ME the records. There had not been much of a dope problem in Japan before the war. It began only after the Communist Chinese started mass producing opium and heroin and smuggling it across the sea to Japan and the U.S., too, so the Peiping government and the Communists everywhere could get American dollars.

Maybe Gen. Zhukov, the gentleman soldier, could say the word in Moscow and have his civilian comrades stop this ghoulish war on our American GIs. If Ivan wants to be friends, let Ivan liquidate the opium business like he has liquidated so many things before.

The Machine

HAL BOYLE

"Little Blowhard" has breathed his last in our home. He has gone away forever.

He didn't leave voluntarily. My wife sold him behind my back. But I couldn't feel more guilty if I were the Lone Ranger and had traded my good old faithful mount, "Silver," for a jeep. I'll be missing "Little Blowhard" for a long time. For all his grumbling, he cleared the air in our home for six happy years.

He made for a better atmosphere the moment he came to us. After all, he should "Little Blowhard" is an air conditioning machine.

My wife Frances, bought him in the summer of 1949. For some time "Little Blowhard" and I didn't get along at all. With the intuition of a cat or dog, he sensed at once my distrust and fear of new mechanical gadgets.

When Frances turned his knobs, he would begin to purr and puff out cool breezes. But if I even put my hand to his grating, he would snarl — and blow a gasket.

"Blowhard" would begin to clank at once. Soon he would be panting out a wind so cold he'd be in danger of getting himself frost-bitten.

"I can't understand what makes that machine act so temperamental," said Frances crossly after one of these performances.

"It's easy," I told her. "Machines are like men. They get tired of being taken for granted by women. They expect a kind word now and then for what they do."

"Well," said my wife, exasperated. "I certainly have more to do with my time than spend it praising a balky air conditioner."

About a month ago she suddenly announced she was going to have the whole apartment air-conditioned. We could save on our vacation expenses, and she would have another 10 years for that fur coat — etc., etc.

"Go ahead," I replied. "Little Blowhard" could use a little help.

"That machine is going out of here," she said. "It's out of date, and besides it's the wrong color."

"This is where I put my foot down," I told her icily. "If 'Little Blowhard' goes, I go. That's final."

LAST WEEK I returned home during a hot spell and found the apartment remarkably cool. There were three new air conditioners — but no "Little Blowhard."

I stalked dramatically toward the front door, and said, "you know what I warned you."

"Oh, don't be so silly. Rover," said Frances. "Who wants to run away from home during a heat wave? Besides, your 'Little Blowhard' is still in the building. I sold him to a lady on the 14th floor, and she says she'll give you visiting privileges if you really miss him."

The new air conditioners actually are pretty nice. They have shiny buttons, and when Frances presses them they purr and puff like pleased cats. But when I reach out a hand they growl at me like strange dogs.

If they are smart, they'll keep right on acting like that — or they'll go the way of "Little Blowhard."

That's the way wives are. They have to put up with so much foolishness in husbands they're not going to take any nonsense from a mere metal machine. Something's got to know who's boss.

To be prepared for war is one of the most effectual means of preserving peace.—George Washington

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name **Preparation H**. At your drugist. Money back guarantee.

14 Lose Lives
In Accidents on
Ohio Highways

Four Other Persons
Drowned; Plane Pilot
Dies in Takeoff Crash

By The Associated Press

Death struck swiftly at the very outset of August's first weekend and before it ended at mid-night Sunday night 14 persons had lost their lives in traffic accidents on Ohio's highways. And despite the letup in the prolonged heat wave, four other persons drowned.

Exactly 42 minutes after the weekend accidental fatality survey began at 6 p. m. (EST) Friday an automobile full of airmen from

LOCKBOURNE AFB near Columbus struck a dump truck near Cambridge. The tragedy killed three airmen and hospitalized two more, one of which is still in critical condition. Two teen-agers in the truck were also injured seriously.

Another Killed Saturday

Another Lockbourne serviceman was killed early Saturday in an auto accident near Lancaster.

Also Saturday a marine from St. Marys died when his car plunged into the Maumee River at Napoleon.

An odd accident Saturday took the life of a seriously injured man near Port Clinton. He was being sped to the hospital by an ambulance after being in an auto crash. The mercy vehicle collided with another ambulance on its way to the scene of the original accident, and the man was killed.

A single-engine airplane stalled after takeoff yesterday at Harrison Airport, crashed in a cornfield and killed the pilot.

The list of fatalities:

Friday:

Adolph McCorry, 22, Columbus; William R. Neptune, 19, Johnstown, Pa., and Raymond S. Fabb, 18, South Fork, Pa., all airmen third class stationed at Lockbourne AFB near Columbus, in a car-truck crash on U.S. 40, two miles west of Cambridge.

Mrs. Daisy Lou Eitniet, 20, Defiance, when her car left Ohio 15 near Defiance during a rain-storm.

Saturday

S. Sgt. Charles Joseph Cim, 25, of Lockbourne AFB, when his car left Ohio 158, six miles north of Lancaster.

John Warren, 52, Detroit, Mich., when a tire blew out and the car in which he was riding struck a guard rail on U.S. 23, about seven miles south of Chillicothe.

Paul Richard Mallory, a marine from St. Marys, when the car in which he was riding plunged down a 75-foot embankment into the Maumee River at Napoleon.

Mrs. Augustine Callmeyer, 60, South Amherst, in an auto collision on Ohio 113 near her home.

John A. Seifert III, 19, Glenshaw, Pa., in an automobile accident near Canfield on the Eastgate section of the Northern Ohio Turnpike.

Mary Oswald, 63, Rt. 3, Elyria, when hit by a car on Ohio 254 near Lorain.

Ira Phelps, 44, Toledo, when the ambulance transporting him from the scene of an automobile accident collided with another ambulance en route to the scene on Ohio 2, four miles west of Port Clinton.

James Churns, 72, Springfield, drowned in Miami River near Troy after apparently falling in while fishing from the bank.

Sunday

Norman E. Landers, 19, Troy, and James M. Brooks, 17, Rt. 1, Bradford, when the car in which

Contract for Bucyrus
Fire Truck Is Awarded

BUCYRUS — The Maxim Motor Co. of Middleboro, Mass., today was awarded the contract for furnishing a new 65-foot aerial ladder truck for the Bucyrus fire department by the municipal board of control.

Purchase price is \$28,000 with delivery promised in about six months. Safety-Service Director A. L. Winter said the Maxim firm's bid was the lowest of four submitted.

Purchase of the truck was authorized by voters last November when the passed a \$30,000 bond issue. The bonds have been sold to the Bucyrus City Bank.

Quebec Apple Crop Is
Saved by Weekend Rain

MONTREAL (AP)—Weekend rains may have saved Quebec province's multimillion-dollar apple crop.

Farmers reported up to two inches of rain in some areas. Prof. L. C. Raymond of Macdonald College's department of agronomy said the rain came too late for most grain crops but provided sufficient moisture to allow apple crops to develop properly.

UP GOES CHRYSLER'S PRODUCTION MORE THAN 40% Here you see construction work proceeding on the new Chrysler production facilities which will add 667,000 square feet of floor space . . . including a 1 1/2-mile long continuous conveyor system, longest in the industry.

CHRYSLER'S giant expansion program brings you the greatest new car buying opportunity of the year!

Because of the unprecedented demand for its 1955 models, currently up to a new record high, Chrysler has had to undertake a Giant Plant Expansion Program. When in full production the new plant will provide a 40 per cent increase in Chrysler Windsor V-8 and New Yorker output.

Knowing that building operations would take several months, we have tried to provide enough 1955 Chrysler Windsor V-8's and New Yorkers to meet the demands of our customers through the season. This meant filling our entire year's supply right now in mid-season.

You Get Year's Widest Selection of Models and Color Combinations

Since we tried to anticipate your needs, we can show you a wide selection of color combinations and body styles, but our supply will never again be as great as it is right now! Indications are that there just will not be enough of all models and body styles to go around.

Your present car will never be worth more in trade

Remember that fact! Right now your present car is worth more in trade than it ever will be again.

And we can allow you more for it than anybody else in town. That's not just talk. There's a good reason for it.

We Need Used Cars

When these new cars are gone, we'll be hungrier than ever for used cars. That's right—as these wonderful new Chrysler buys move out we will be needing more and more late model used cars. That's a double reason for you to trade for a brand new Chrysler beauty right now. You have the year's finest selection of the popular 1955 Chryslers . . . and, we're in a real trading mood to get our used car stocks in shape.

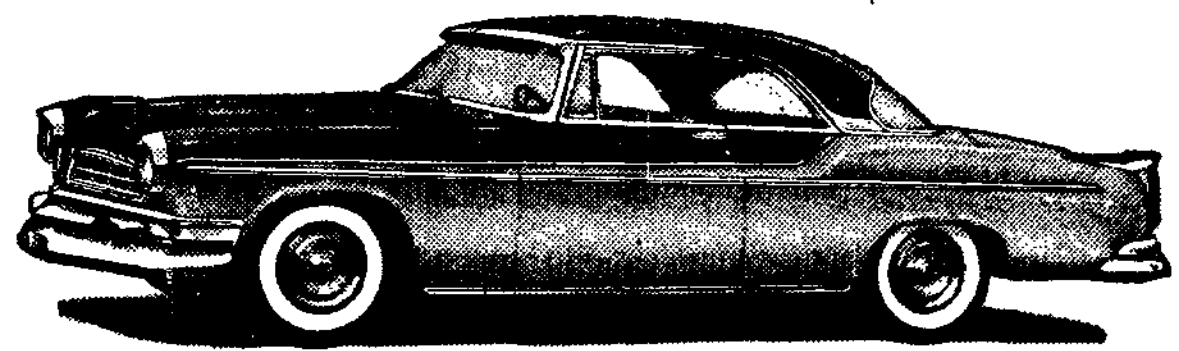

Take the 100-Million-Dollar Ride Today!

If you've been holding off on buying your new 1955 Chrysler Windsor V-8 or New Yorker, if you've delayed for any reason, better act now.

Because when our present stock of new cars is gone, we can't get any more! So, come in today. Experience the thrill of the 100-Million-Dollar Ride . . . the ride all America is talking about. It will be the smartest new car buy of your life!

New Attractions Planned

Officials Forecast Draw Of Half a Million at Fair

COLUMBUS, Ohio (AP) — What's going to be new at this year's Ohio State Fair, Aug. 26 through Sept. 2?

Ask the state agriculture director, Andy Sorensen, and he'll reel off a list as long as your arm. And the new attractions, plus the old standbys, add up to what Sorensen and his aides believe the attractions they have to offer this year will attract at least one-half million people during the eight-day run. Most will pay 75 cents to get on the grounds.

The Youth Building is nearing completion and, except for the dormitories, will be in use during the fair. Opening day of the fair will be known as Youth Day, and the first event will be a youth talent contest in the special events tent.

NEW TO THE FAIR is the build-it-yourself farm equipment show which will exhibit machinery built on the farm either to perform special tasks or to get around buying high-priced equipment.

There also will be an enlarged antique farm machinery exhibit. And the factory-made machines also will be shown. The show will be made up of exhibits from one large manufacturer—Ferguson—and a number of smaller ones. All the big manufacturers except Fer-

guson decided not to exhibit their wares. But this year's exhibit will be larger than last year's.

The natural resources department has expanded its exhibit, including the free fishing pond for boys and girls.

NEW THIS YEAR will be a meat show where various cuts of meat and full carcasses will be exhibited under refrigeration.

There's a new fence around the race track—and there'll be something new on the race track, championship stock car races.

The centerpiece in the horticulture building is new, a 14-foot icicle. Sorensen said colored lights will be beamed on the icicle which, when it melts, will help cool the building.

There will be more parking space than ever before, as the fair this year will sprawl over 265 acres. Because the fairgrounds is so large, shuttle buses will be used to get fairgoers from one place to another—again something new.

For the first time there will be a state fair queen, to be chosen from among queens of county and independent and junior fairs throughout the state.

MORE THAN 100 high school bands are entered in a competition. They will have two new band shells for their programs.

Landscaping around several of the buildings is new.

Sorensen is proud of the entertainment programs the fair will feature. Entertainers include Lassie the dog with a rodeo, Hopalong Cassidy and his horse, Topper, Gisele MacKenzie, singer, and the Ted Weems orchestra, the horse show, Snooky Lanson, Eddie Peabody, Billy May's orchestra, Peggy King, the singer, Bill (Davy Crockett) Hayes, a All-Ohio talent show.

For those who like wrestling there will be two championship matches the night of Sept. 2.

Entries for all sorts of competitions—from jelly judging to fiddling of old time music—are coming in better than one year ago, Sorensen says.

THE UNOFFICIAL emphasis this year will be on hospitality at the fair.

"This is a hospitality fair," said Sorensen. "It's a neighbor's fair. We've done things to make the

fair interesting both to those who live in the country and those who live in the city.

"We like to have people come to the fair and will do everything we can to make their visit enjoyable."

"They'll get more for their money than they did last year. It's the cheapest show in Ohio, from an admission viewpoint."

2 Army Pilots Killed When Plane Hits Ground

FT. RILEY, Kan. (AP) — A witness to the crash that killed two Army helicopter pilots Saturday night, says the private plane they were flying made a 90 degree turn after takeoff, then "suddenly nosed down and dove straight into the ground."

Killed were Warrant Officers (JG) Leroy J. Hohertz, 33, Hamilton, Tex., and Richard J. Redmond, 22 son of Mr. and Mrs. Robert Henry Redmond, Akron. Redmond lived with his wife at Ft. Riley.

Youth Has Short Career as Officer

MIDDLETOWN, Ohio, (AP) — A self-appointed policeman had a short career as an officer of the law early Sunday.

The regular policeman reported that Freddy J. Mooney, 19, established a one-man roadblock at a street intersection about 3 a. m. and began halting motorists for driver's license inspections.

One motorist, Albert Sellers, said the youth even got in his car and tried to make him pursue another automobile, saying there was "a criminal" in it.

The youth's tour of duty as a policeman ended when he was arrested on a charge of intoxication.

New U.S. Glider Distance Record of 270 Miles Set

PALMDALE, Calif. (AP) — A new national glider distance record of 270 miles has been claimed by Paul F. Bickle, a civilian worker at nearby Edwards Air Force Base. Bickle, competing in the 1955 Southwestern Soaring Regatta yesterday, flew his sailplane from Mirage Dry Lake to Essex, Calif., and back.

Regatta officials said this eclipses the old mark of 260 miles set in 1952 by William H. Cloverdale, of Philadelphia.

Bickle was aloft 8 hours and 10 minutes and reached a maximum altitude of 13,000 feet.

Cleveland Drops to Third After 9-3 Defeat by Nats

Tribe Trails by Half Game As Senators' Jinx Continues

WASHINGTON (AP)—Cleveland's Indians, shut out of victory in a three-game series, are shaping up as the team easiest for Washington to beat.

The Senators' 9-3 victory Sunday was the fifth in their last six contests with the 1954 pennant winners and left Cleveland the only team over which they hold an edge, 10-7.

Even the last-place Baltimore Orioles have split even in their games with the Senators this year. All other American League teams have chalked up victory margins.

The seventh-place Senators have won only 39 games all year, but 10 of them have been against the Indians.

Cleveland's seven victories over Washington, on the other hand, are fewer than the Indians have counted over any other team except the Detroit Tigers, whom they've played only 10 times.

27 Errors Charged

Cleveland, in its 17 games with the Senators, has committed 27 errors and given away 24 unearned runs. The Indians have been charged with only 49 errors against all the other clubs.

Despite losing three, Cleveland remained within a half game of the league lead as New York split a doubleheader yesterday with Detroit and rain ended Chicago's game at Baltimore in a 2-2 tie.

Rain stopped the second game here yesterday in the third inning before either club had scored.

That left the Tribe in third place, but actually a half game closer to the top than they were when they came East two weeks ago. And Manager Al Lopez said he would settle for his Indians just holding their own in the trip.

While the Indians were losing seven against six victories for their first unsuccessful Eastern trip in two years, the Yankees were 6-8, and the White Sox 6-4. Slight gains were made by Boston, which won eight of 13, and Detroit which was 9-7.

The Indians came to Washington in a virtual tie for first place after winning two out of three from the Yankees.

They proceeded to help themselves lose to Washington by committing six errors in the three games played here.

Wynn Belied

Washington counted 12 hits in yesterday's game, nine of them off Early Wynn before he was lifted in the sixth. Cleveland got 10 off Johnny Schmitz.

The loss was Wynn's seventh against 13 victories, and it now appears that if the Tribe is to have any 20-game winners this year Wynn or Bob Lemon will have to win nearly all their remaining starts.

Shortstop George Strickland threw wild to second in the second inning to open the door for two unearned runs and put the Nats ahead 3-0. And Al Rosen threw wild in the sixth to aid a four-run Washington rally that included a two-run double by Schmitz. Catch-

Reds Divide Double Bill With Giants

CINCINNATI (AP)—A comparison of the list of the 11 leading hitters in the National League and the Cincinnati Redlegs position in pennant race standings just doesn't make much sense.

The Redlegs are buried down in sixth place in the standing despite the fact they have four regulars hitting better than .300 and in the list of 11 leading hitters.

Not even the power-laden Brooklyn Dodgers can say that. They have only two hitters in the top 11.

The Reds didn't help their league standing any yesterday as they split a double header with the New York Giants, winning 8-5 and losing 6-5, but they got their fourth man—Gus Bell—into the .300 batting class.

Bell's four for eight performance boosted his average to .300 after a slow start this season.

Ahead of him among the leading hitters are teammates Wally Post at .317, Ted Kluszewski at .313 and Smokey Burgess at .305.

The Reds wrecked the Giants with home runs in the opening game yesterday and then got hurt the same way in the windup.

Post drove in two Cincinnati runs with his 29th homer in the opening inning and relief pitcher Hershel Freeman polished off the Giants with a three-run homer in the eighth. It was his first hit since joining the Reds.

And his poke was needed too, because he weakened in the ninth and the Giants had two runs in and two on when Joe Black came in to save the day. He filled the bases with a walk and then got the side out.

The Giants had four solo homers in the second game with Gail Harris getting two of them and Bill Taylor and Hank Thompson one each. The winning run in the ninth, however, came on a double by Joe Amalfitano, a sacrifice and Willie Mays' long fly.

The Reds used a combination of singles and doubles to score two runs in both the second and third and held a lead until Taylor tied the score in the seventh and Harris got his second homer in the eighth.

The Rhinelanders moved right back into a tie in their half with Bell driving in the run but the game got away from them in a hurry in the ninth.

The second game also saw the end of Roy McMillan's having played in 584 consecutive National League games. McMillan jammed a thumb in Saturday's game. He got into the first game yesterday as a pinch hitter to run the string to 584 but saw no action in the nightcap.

Johnny Temple also was injured Saturday and did not play in either game yesterday.

PASS THE FISH. Ray Eliot (left), University of Illinois football coach, enjoys a chuckle as his host, Barney Lamm, attempts a "shovel pass" with a 14-pound lake trout. Eliot holds two trout of similar size which he and other members of the Illinois athletic staff caught during stay at Ball Lake Lodge in Kenora, Ontario, Canada.

Rain Curtails Play

Weatherman Gets Into Race To Tighten Flag Chase in AL

By JACK HAND
Associated Press Staff Writer

How about a five-team playoff for the American League pennant? It sounds fantastic but the pot is boiling up a real fine stew for President Will Harridge.

Under the American League system, it's sudden death, a one-game playoff, in case of a tie. But that takes care of only two clubs. With seven weeks to go, only 1 1/2 games separate the top four clubs. Detroit in fifth place is only 5 1/2 back.

The weatherman helped tighten the screws Sunday, forcing Chicago to settle for a 2-2 tie in 12 innings at Baltimore and washing out a scheduled second game. Rain also postponed a second game at Washington after the Senators had bopped the Cleveland Indians again 9-3.

Mantle's Homer Wins

Mickey Mantle's 10th-inning home run, his 26th of the season and second of the game, gave New York a split with Detroit and sole possession of second place, three percentage points behind Chicago. Detroit shaded New York in the opener 4-2 but Mantle's clout added up to a 3-2 Yankee victory in the second behind Bob Turley.

The fast-moving Boston Red Sox outlasted Kansas City in a wild fray 16-12, hammering four pitchers for 19 hits and 31 total bases. Despite the victory, the Red Sox lost the series to the A's, the first set they had dropped since they bowed to Cleveland July 16-17.

In the National League, Milwaukee won a pair from Pittsburgh 6-3 and 4-2 while New York split two at Cincinnati, losing 8-5 and winning 6-5. As a result the Braves have a two-game edge on the Giants in their second-place battle. The Braves are 14 1/2 games back of Brooklyn, which bowed to Chicago 4-3. Philadelphia trampled St. Louis 9-6 in the other game.

Chicago had Jim Busby on second base with two out in the 13th when rain made further play impossible at Baltimore. All individual records go into the book but the game must be replayed next month as well as the postponed second game.

Dave Pope's two-run homer in the fourth gave last-place Baltimore its runs after George Kell homered for the Sox in the first. Chicago tied it up in the eighth on Nellie Fox's triple and Kell's single.

Mantle's two homers saved the Yanks from dropping a full game behind Chicago. After Al Kaline's two-run single tied the score in the eighth, Mantle hit a 1-1 pitch by reliever Babe Birrer into the upper stands in right field for the ball game. He hit his first homer off starter Frank Lary in the first inning.

Gromek Gets Win

Detroit won the opener in the seventh on successive doubles by Kaline and Jack Phillips and Ray Boone's triple that knocked out Tommy Byrne. Steve Gromek was the winner despite home runs by

Eddie Robinson and pinch hitter Bob Cerv.

Norm Zauchin, Sammy White and Billy Klaus each belted three hits for the Red Sox in their free-hitting afternoon. After Boston scored six runs in the eighth to wrap it up, the A's came back with five in the ninth.

The Dodgers were beaten at Chicago by Gene Baker's single in the sixth, following Dee Fondy's double. Warren Hacker, fourth Cub pitcher, ended the game in dramatic fashion by throwing just three pitches. He came in to face the Phils homered.

Richie Ashburn connected with a double that drove in two vital runs in the eighth inning of the Phillies' triumph over St. Louis. Robin Roberts required relief help to win his 18th. Eddie Waitkus of the Phils homered.

Hoad Would Play

Hartwig May Be Benched During Aussies' Cup Drive

GLEN COVE, N.Y. (AP)—If the Australians are to win back the Davis Cup, one thing seems sure: they'll have to put young Lew Hoad back on the varsity.

Rex Hartwig, brilliant but explosive and panicky, definitely can't be trusted with a singles assignment in the big pressure matches coming up in the first of the Italians, then the Americans.

This was the clearest observation from the rain-plagued inter-zone matches with Japan at the Nassau Country Club over the weekend.

With Hoad on the bench and possible in Captain Harry Hopman's "doghouse," Hartwig was given the important singles job with Ken Rosewall against the two at Cincinnati, losing 8-5 and winning 6-5. As a result the Braves have a two-game edge on the Giants in their second-place battle.

The second singles match between Rosewall and Kamo was rained out. Rosewall was leading 3-1 in the first set. This gave Australia 4-0 score in the series.

Hartwig, runner-up to Vic Seixas last year, failed to show the stuff needed to wrest the cup from this country.

His trouble lies not in his tennis but in his temperament. Against

Miyagi he constantly fought court tantrums, slamming his racket, upbraiding ballboys and letting out loud yelps of disgust. His temper caused him to make errors on some of the easiest shots.

It's doubtful Australia can trust him against Wimbledon champion Tony Trabert or Vic Seixas in the Challenge Round Aug. 26-28.

Odds on Brownies Slip Over Weekend

CHICAGO (AP)—The College All-Stars, fit and ready, began tapering off drills today for their Friday night football game with the Cleveland Browns.

Trainer Carl Erickson reported all 49 members of the squad were in tip-top shape. Coach Curly Lambeau said no further contact work will be held to avoid possible injuries.

The All-Stars last victory was in 1950 when they defeated the Philadelphia Eagles, 17-7. Since then they've lost four straight.

Odds favoring the Browns by 14 points, dropped to 12 points over the weekend.

After sitting on the bench for two years, bonus pitcher Tom Quatlers has been optioned by the Phillies to Reading, N.C., in the Class B Carolina League.

Jets Win 16-1 After Losing in Opener 10-8

By The Associated Press
The Montreal Royals, parlaying timely hitting and brilliant pitching, today held a two game lead in the Eight International League pennant race.

Four hit pitching by Tom LaSorde and Glenn Mickens and the big bat of centerfielder Gino Cimoli enabled Montreal to sweep a doubleheader from the Toronto Maple Leafs 7-2 and 5-2 yesterday.

While the Royals were taking command of the league lead the Syracuse Chiefs prevented the Havana Sugar Kings from moving into second place by defeating the Cubans 7-5. The Rochester Red Wings in a game delayed by rain for 45 minutes trounced the Buffalo Bisons 9-3 and the Columbus Jets routed the Richmond Virginians 16-1 after dropping the opener of a twin bill 10-8.

"The eyes are the mirrors of the soul," said light heavy-weight Champion Archie Moore when asked why he continually stared at Bobo Olson before their recent fight.

Minneapolis Takes Lead In 2 Wins Over Toledo

By The Associated Press
Minneapolis returned to first place in the American Association race last night by taking both ends of a twinbill from Toledo 3-2 and 3-2, while Denver lost to Indianapolis, 2-1, in 11 innings. The Millers now are a full game ahead of the Bears.

Omaha and Louisville split a doubleheader, the Colonels taking the second game 5-1 after Omaha won the opener, 2-1. The St. Paul at Charleston game was postponed because of rain.

The Minneapolis victories gave the Millers a sweep of the four-game series.

JIM DUGAN'S

Kunkle Hurls No-Hitter

Two Marion Teams Pass Opening Tests in Tourney

Erie No. 1, behind Jim Kunkle's no-hit hurling, and Mac's Trading Post posted opening victories in the district tournament at Mansfield Saturday night.

Erie blanked Tappan Stove of Mansfield 7-0 while Mac's edged the Danville Merchants 1-0 in a hard fought contest with Bud England on the mound.

Erie batters backed up Kunkle's performance with a nine-hit attack. Dick Roseberry and Paul Rice clouted triples while Kunkle chipped in with a double.

England allowed only two hits in a pitchers duel with Danville's Larry Payne. A passed ball in the third enabled Mac's to score the only and winning run in the third.

Charlie Rizzo, Dick Mulvaine and Fritz Walters collected Mac's

three hits off Payne.

Local 750, one of the eight clubs remaining in the fight for district honors, sees action tonight. It meets Victory Market of Mount Vernon, defending district champs, in the opener at Gorman-Rupp Field at 7 p.m.

Ford Captures All-American; Ohioan Second

CHICAGO (U) — Four-year-old Mike straddled Doug Ford's shoulders and pounded tom-tom fashion on his head.

Ten-year-old Doug Jr. hung to his dad's hand, his eyes gleaming in hero worship.

The dad said: "I guess I'll go back to the trailer and do some baby sitting. I've got another. Pamela. But she's only 5 months old."

Doug Ford is the hottest pro golfer on the circuit right now. His check of \$3,420 for winning the All-American Tournament at Tam O'Shanter Sunday boosted his earnings for the season to \$19,030 and gave him third place on the PGA money-winning list.

The 33-year-old Ford, winner of the national PGA crown two weeks ago, took the All-American prize with a final 70 for a 72-hole total of 277-11 under par.

Instead of the windup being a race for the title, it was more a retreat. While Ford breezed in with a 2-under 70, British Open champion Peter Thomson, the 54-hole leader, ballooned to 78 for 284 and seventh place.

Most of the other front runners also collapsed with the result that little-known Leo Biagetti, Waukegan, Ohio, took second with 70 for 280, and a four-way tie for third developed among Ted Kroll, Tony Holguin, Jimmy Demaret and Freddie Haas—each at 283.

"Of course the big one is yet to come," said Ford. "I mean the World Tournament (starting Thursday). I would settle right now for 274. If the weather remains good, I think it will take that to win."

The 72-hole grind in the World event pays the winner \$50,000 in cash and guarantees \$55,000 more for 55 exhibition matches.

Other divisions of the All-American came out this way:

Women's amateur—Wilfrid Smith, St. Clair, Mich., 312.

Men's amateur—Doug Sanders, Cedarhurst, Ga., 286.

Before the "World" championship begins, international cup matches will be presented Tuesday and Wednesday.

Storm Cuts Final Card At Bucyrus

BUCYRUS — Rain caused curtailment of the fourth and final harness racing program of the Crawford County Fair here Saturday night with the second heats of the second division of the 25 pace and the 25 trot being called off.

Delayed earlier when all lights at the fairgrounds were out for about 25 minutes, the program was finally halted when a heavy downpour hit the grounds shortly after 11 p.m. The power failure reportedly was caused by an auto driver striking a utility pole in backing from a parking space.

Carly Boy, a brown gelding, owned and piloted by Edward Spahn of Tiffin, took both heats of the 20 trot, edging Leah Spencer in a photo finish in the first heat.

Pastime Lee, a brown gelding, owned by W. J. Baker of Richmond with Vernon Wood in the sulky, paid \$21.60 in winning the first heat of the 25 trot, which attracted a field of 13 horses. The second heat was cancelled.

Connelly, the property of C. M. Trees, Ostrander and driven by Fred Trees, won the first division of the 25 pace, taking the second heat after finishing sixth in the first dash. May Time, winner of the first heat, broke early in the second heat and did not finish.

Bob Valley drove Lieutenant J.G., a bay colt owned by George McCrery, Urbana, to victory in the 20 pace. Dust Dispatch edged the Urbana colt in the second heat but the latter had the faster heat time to take the race trophy.

In the only heat of the second division of the 25 pace, J. H. Atorney, driven by Bob Valley, was winner. The brown gelding is the property of J. F. and J. H. Cartl of Hanover.

Paul Hildebrand and Walter J. Michael, both of Bucyrus, were superintendents of speed for the four-session program. Dr. A. C. Laishley of Crestline was racing secretary. Presiding judge was Paul M. Jones with Earl Coburn and Dr. Laishley as associate judges. K. Pressler was mutuals manager.

Radio and Television

By ROY W. WINSON
(For John Crosby)

Planned Video Parenthood

I say, without a blush, that during a lifetime in advertising agencies — except for five glorious years in the field of free-lance writing and producing — I have created more child characters for day-time radio series than any housewife could anguish over.

My factory-inspected label is on countless good, half-plucked and ill-plucked little tads. None reached maturity. Each served the purpose of increasing listeners, and having so served, was duly sacrificed on a national holiday.

Continuing this grim aspect of an otherwise spotless career led me inevitably to planned parenthood for serials in television. But here, I soon discovered, the camera plays the unyielding chap-erone.

IN A RADIO SERIAL a character (let's say a woman) is about to be presented by agency, client and writer with a baby. No problem. Now, if the actress who plays the character is married in real life and if she is going to have a real, rather than a pre-fabricated baby, she is still able to perform on the radio. She can even play a passionate love scene with the young hired man in the garden supply section of the old lumberyard. Who could ever detect a pregnant voice?

But in television the camera sees, and the viewer, munching a corned beef sandwich, knows. What follows occurred about a year ago.

CAMERA SHOT OF TAPE-TRIED 14th CENTURY OFFICE GIRL ENTERS.

"Mr. Paragon . . . I, Paragon — and I could stop there — a agency program, brain, with chiseled features, dressed in a balloon, mustard-colored suit, aquamarine shirt and antique glasses (to match the office decor), looked up. There to behold was a winsome beauty with taffy hair and shapely toes, the heroine of one of our serial programs. Putting down my orange stick, I smiled warmly and said:

"My dear Vernette! To what do I, a busy, busy agency executive owe this pleasant interruption?"

"I've bust in on your nails!"

"No, no. What is it, my dear?"

"You'll be mad. (Pause) I just found out Merlin didn't tell you."

"What's the scamp keeping from me now?" I said, referring to our producer, Goldy Merlin.

"He should have told you I'm going to have a baby."

"Of course you are! We have it planned for early next April. Isn't it wonderful? Call a lazy, old writer in Sarasota, Evanston or New Hope, tell him we want a baby, and presto! a baby. Good for increasing listeners. You sure are going to have a baby! Excited, huh?"

"I MEAN FOR REAL. My husband and I. 'We're going to have a baby. On Nov. 1.'"

I felt giddy. My face turned

from its natural ash to a mottled birch. On the program this heroine of ours was in love with a man serving a prison sentence. She was not yet even engaged. The awfulness of the situation suddenly was so apparent that I trembled like a dewdrop. I choked out "Congratulations."

"We got it all worked out, Mr. Paragon. The man I'm going to marry is an honor guard. He gets time off. One day he came to see me, and we were secretly married. Then the baby is all right. See? Big surprise for the audience."

I looked dolefully at this latter-day George Eliot. Months of planning for the entertainment of 25,000,000 viewers each week sacrifice without a wit of consideration for the public, for our client, or for me. Never trust a performer.

"Guess I better talk to that secretive old scamp, Merlin," I said in a shaky voice. "You just run along. Buy a bassinet. And say hello to him."

THE GIRL LEAVES.

Crisis Call a conference. By rule of thumb, any issue, in a conference, is soon lost in the miasma of job-bucking and cliché. Not this issue.

SOON MR. BRUDLEY, the account supervisor, AWOL Zip, the director, and that lovable scamp, Goldy Merlin, our producer, arrived in my office. Each bore a cup of coffee. The problem stated, Brudley became quietly apoplectic. His eyeballs swelled perilously close to his glasses — his were 20th century to match the decor in his office.

Merlin, our chief ooltergeist, put leather-covered desk and arily said: "So what? Life. Happens all the time. Look around. Big city. People people. We just photograph her from the chin up. Right Zip?"

Zip, nattily dressed in a starched and zippered Churchill coverall, said "Lissen, we been doing that for a month. Ever since we got her fitted for a wedding dress. Lissen, was that ever crazy."

I looked balefully at Merlin who explained, "She went to Bloom's. We get dresses there for the program. Saleslady says what do you want, and Vernette says a wedding dress. Saleslady embarrassed for her. Couldn't understand wedding dress was for character on program. Thought Vernette was wayward. We died laughing."

Brudley got unsteadily to his feet. "I'll send for my coffee cup. Miss Bobbie will come for my coffee cup." Humming the unforgettable melody of a long-forgotten commercial, he walked slowly out of my office.

A RISING YOUNG executive (50-65) is required to make decisions. Over a solitary lunch of several onion floats, I made those decisions. Nobody was going

French Bread Stuffed With Ham Is Delicious

If you're faced with the remains of a ham roast and would like to do something interesting and appetizing with it, try serving a delicious ham loaf.

If left-over ham isn't your problem, any kind of ground meat can easily be adapted for use. Just scoop out a loaf of French bread and fill it with this spicy mixture.

Use:

- 1 small onion, grated
- 2 tablespoons margarine or butter
- 1 pound ham, ground
- 2 tablespoons minced green pepper
- 3 sprigs parsley, chopped
- 2 teaspoons salt
- 1/4 teaspoon pepper
- 1/4 teaspoon sage
- 1/4 teaspoon thyme
- Dash of chili pepper
- 1/2 cup milk

1 long loaf French bread

Brown onion in margarine or butter. Blend in ham, green pepper, parsley seasonings and milk. Cut off one end of loaf of bread, scoop out the inside and add half to the ham mixture, mixing well. Pack mixture into the bread shell, attach the end of the loaf of bread with a skewer. Place on a baking sheet and bake at 350 degrees F. (moderate oven) for 15 minutes.

to tell me how to handle a program. We would photograph the actress from the shoulders up — not from the chin up (we now refer to this period as "Collarbone").

The writer would not be allowed to portray the heroine's intended husband as an honor guard at the jail (the suggested this too), and we would temporarily recast the heroine. And perhaps I would let that lousy jailbird remain in jail. Indefinitely.

Then, around Christmas-time, on a cold, snowy evening, sirens whine and it's a jail-break. Is he shot down? Is he only slightly wounded? Does he stagger home to die under a pathetic little green tree laden with Yule ornaments, which he remembers from the time he was a little boy? Say, that's not a bad idea . . .

Restraining Order Stops Projects by Ohio Edison

A temporary restraining order has been issued by Common Pleas Court against the Ohio Edison Co. The order came Saturday after a petition was filed against the company by Henry Luellen and Mildred Luellen of near Prospect.

The couple claims the Ohio Edison Co. had tried to erect large high tension power lines on the property owned by the two without obtaining a new easement. The two want the company to enter into new proceedings to appropriate additional use of the land.

Deputies Seek Missing Vehicle

Bucyrus Resident Says Man, Auto Disappear

The sheriff's office today is looking for a man who allegedly has possession of the auto of a Bucyrus man. At 7:55 Saturday night, Homer Dolin of Bucyrus reported the incident to deputies.

He said that on July 30 he was driving toward Bucyrus on Route 98 when his car stalled. He said he started walking toward Bucyrus when a man picked him up. The two returned to the car, where the second man told Dolin the auto had a broken piston, Dolin told deputies.

Dolin said the man offered to fix the motor of the car for \$20 and return it to Dolin's home by Aug. 2. Dolin said he agreed to the proposition and gave the man \$10 for parts. The man said he lived in Green Camp but did not give his name. When Dolin did not receive his car by Friday, he went to Green Camp but was unable to locate the man or anyone who knew of the man.

Deputies sent out a state-wide message on the car and Dolin said he would file charges of auto conversion on the man if he were caught.

\$51,903 Demanded In Damage Action

An injury damage suit has been filed in Common Pleas Court by a Bucyrus woman against a Mount Healthy man.

Henrietta M. Garverick of Bucyrus and the Ohio Farmers Insurance Co. of Lodi are seeking \$51,903.67 from William F. Moeller for injuries allegedly suffered in an auto accident on Route 98 in Marion County Oct. 31, 1953.

The woman claims she tried to pass Moeller's car which was pulling a house trailer. She said she pulled even with the auto when Moeller, without warning, swerved the car, striking hers and forcing it out of control.

She alleges her car struck a mail box, then a tree and finally rolled over on the highway. She claims she suffered injuries to the back of the head, neck, upper spine and over her entire body.

She says she was taken to the Marion hospital for treatment, then released to her home. She claims her injuries are of a permanent nature.

Nine File Petitions For Posts in County

Nine more petitions of candidacy have been filed with the Board of Election in the Courthouse. Election workers warned that the deadline for filing petitions is Wednesday at 4 p.m.

The nine latest candidates are all seeking offices in the townships and villages. The petitions include five for the posts of councilmen on the Green Camp Village Council.

They were filed this morning. The candidates are Kenneth L. Hedges, Henry W. Lauer, Lowell D. Ault, Smith L. Sheppard and William M. Hamblin.

Also filing this morning was Mrs. Estelle Armstrong of LaRue. She is seeking re-election to the position of mayor of LaRue Village. She will be trying for her second term.

Other petitions filed Saturday and today were those of James Huntsman of near Caledonia for membership on the Tully Board of Education; Ray D. Denzer of near Waldo for the job as Waldo Township Trustee and Paul R. Sycks of near Marion for membership on the Waldo Board of Education.

An open meeting, it is for prospective members and guests. Other talks will be given by Chaplain Rev. William J. Spickerman of St. Mary Catholic Church and Robert Tobin, seminarian studying to be a foreign mission priest.

Refreshments will be served. Persons wishing to attend the meeting without transportation are asked to contact K. of C. committee chairmen.

Past State Officer To Address K. of C.

Paul Gruhler, past state deputy of the Knights of Columbus, will be principal speaker for a special outdoor meeting of Marion Council No. 671, Knights of Columbus, Tuesday at 7:30 p.m. at the Marion County Fish and Game Association grounds.

Bullet Kills Woman

LORAIN, Ohio (AP)—A bullet fired accidentally from a pistol her 15-year-old son was cleaning killed Mrs. Rose Waby last night. The Lorain County sheriff's office said the boy, Robert, accidentally fired the weapon. The mother, who was watching television, was struck in the head and died a few hours later in St. Joseph Hospital.

N.Y. Stock Quotations

NEW YORK (U)—With trading unusually quiet, the stock market today made a little progress.

The list as a whole displayed gains running to two points while there were losses to a point in key sections.

Trading was around the slowest pace of the year. Friday's total was 1,690,000 shares.

For the past couple of weeks, the stock market has been pointing a

lower trend, and traders and others have taken to the sidelines.

Whirlpool and Seeger were higher as the Justice Department approved a merger with a division of RCA.

Katy railroad common sold higher. Cities Service with a good earnings report, opened up 1/2 then gained more.

U. S. government bonds were steady to higher.

Crawford Fair Program Ends

Six Directors Chosen During Board Election

BUCYRUS — Crawford County Fair Board officials expressed satisfaction here today with attendance at the five-day fair, which ended Saturday night.

The hot and fair weather, which had prevailed throughout the fair, finally ended late Saturday night when a downpour struck the fairgrounds about 11 p.m. and caused cancellation of the second heats of the 25 trot and the second division of the 25 pace.

The fairgrounds was without lights for about 25 minutes earlier in the evening, due to a power failure reportedly caused by a motorist striking a utility pole in backing out from a parking space.

Results of the annual election of six directors was announced today by Fair Board Secretary James F. Gebhardt. In the only contested directorships, Ray R. Copeland defeated H. A. Pfeiderer for the Auburn Township post and Marvin E. Linn was winner over Ellis Angene in Holmes Township. Unopposed for election were Arthur Loyer, Chatfield Township, Weldon Schiefer, Todd Township, Walter J. Michael, Bucyrus, and L. H. Tupps, Galion. The election was held Saturday.

Furnishing the music for the final harness racing program was the all-county high school band, directed by Carl Ross of Lykens. Schiek's Market of Bucyrus purchased the Junior Fair Grand

Champion steer, a Hereford belonging to Donald Leonhardt of Sulphur Springs. The 1,188-pound animal brought the top price of \$51 a hundred or \$605.88.

The Reserve Grand Champion, a shorthorn steer, belonging to Judy Lust of Mount Zion, brought 36 cents a pound or \$363.24. It was purchased by the Kroger Co. Exactly 100 steers were sold at the second annual sale.

Heiress Is Arrested

LAS VEGAS, NEV. (AP)—A 26-year-old heiress, acquitted in 1947 of murder charges in the yacht explosion deaths of her parents in Newport Beach, Calif., has been arrested on a drunk driving charge.

Sheriff's deputies said Mrs. Beulah Louise Overell Kooymann and her 4-year-old son escaped injury when her car overturned Saturday. Her husband Joseph is a sewing machine representative here.

Ohioan Gets Post

WASHINGTON (AP)—New campaign chairman for the Young Republican National Federation is John M. Ashbrook, 27, Johnstown, Ohio. His appointment was announced by Charles K. McWhorter, national chairman. Ashbrook is the son of Democrat William A. Ashbrook, who formerly represented Ohio's 17th District for more than 20 years in Congress.

Galionite Fined, Given Sentence on 2 Counts

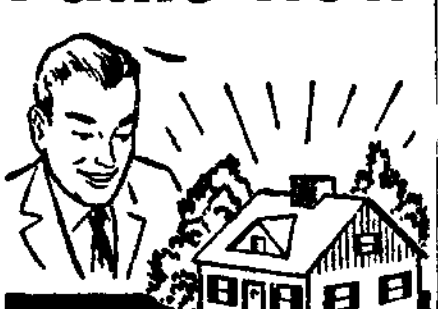

GALION — An assault and battery charge filed by his wife, Ruth, and another charge of disturbing the peace brought fines and a jail sentence for Donald E. Sharrock, 34, of Galion.

Sharrock was given a hearing before Mayor Francis Schalp Saturday in municipal court. He was fined \$50 and costs and sentenced to 30 days on the assault charge. Another fine of \$50 and costs and jail sentence of 30 more days was given Sharrock on the peace disturbance charge. All but 10 days of the jail sentence were suspended when he paid the fines.

THE HEART OF JULIET JONES

DO YOU THINK WE OUGHT TO HAVE GONE OFF AND LEFT JULIE?

WELL, AFTER SHE PRACTICALLY ORDERED US OUT OF THE HOUSE, WE HAD LITTLE CHOICE!

I GUESS BREAKING HER ENGAGEMENT WITH HARDY COLE THIS EVENING MADE HER FEEL SHE WAS RUNNING HER OWN SHOW—AND THAT'S GOOD FOR HER MORALE, POPS.

I DECLARE, HONEY—THE MORE I SEE OF YOUNG PEOPLE, THE LESS I KNOW THEM.

SEVERAL HOURS LATER—

JULIE—ALL THE LIGHTS ARE ON IN THE HOUSE. I DO YOU THINK SOMETHING'S GONE WRONG...?

OF-COURSE NOT, POPS...

BLONDIE

I KNOW THAT BATHROOM PIPE IS ABOUT TO BURST AND FLOOD THE HOUSE.

COOKIE DOESN'T FEEL TOO WELL—I HOPE SHE'S NOT COMING DOWN WITH THE MEASLES.

IF PRICES GO UP ANY HIGHER WELL ALL HAVE TO GO TO THE POORHOUSE.

WHY DO YOU ALWAYS UNLOAD ALL THAT GRIEF ON ME BREAKFAST?

BECAUSE I LIKE TO BE CHEERFUL AND BRIGHT WHEN YOU COME HOME IN THE EVENINGS.

KIRBY, WHAT'S THE IDEA OF JIVING WITH THOSE MANIACS WHEN YOU'RE SUPPOSED TO BE WORKING ON THIS CASE?

DON'T WORRY, MA. THE INVESTIGATION IS IN THE GROOVE. NOW I'M OFF TO YOUR LOCAL RADIO STATION.

SUPERMAN

I—I DIDN'T KNOW YOU WERE ONLY FILMING A MOVIE SCENE! I THOUGHT THAT KIRBY FINDS A MUSICAL CLUE TO ROBBERY AND MURDER.

AND AFTER IT COST US A FORTUNE TO GET THAT CONDEMNED BUILDING ROGGED TO COLLAPSE, DIDN'T YOU SEE THAT SIGN? LOOK!

ER—I'M AFRAID NOT! ALL I NOTICED WAS THE DANGER OF THE COLLAPSING BUILDING WHICH I CARRIED AWAY TO A NEARBY SWAMP!

A SWAMP! YOU DROPPED IT IN A SWAMP? AND I HAVE TO PAY ALL THESE EXTRAS UNTIL YOU DIG IT ALL OUT AGAIN? OH!

WAIT! MAYBE I WON'T HAVE TO DIG THE RUBBLE OUT! THERE'S A FASTER WAY OF GETTING THE SCENE SET UP AGAIN.

Seiberling Critical

AKRON, Ohio (U) — Frank A. Seiberling, 95-year-old retired founder of two rubber companies, was in critical condition today at Akron General Hospital. He has been in failing health for five years.

New Defense Aide Buys Kerr's Home

WASHINGTON (U) — The new Deputy Secretary of Defense, Reuben B. Robertson Jr. of Cincinnati and Hamilton, Ohio, has purchased the fashionable Washington home of Sen. Robert Kerr (D-Okla).

The 15-room house in the Embassy section reportedly cost \$150,000, including practically all of the furnishings.

The Robertsons said they needed a large home to accommodate their six children, who range in age from one to 14. The house has six bedrooms.

Mrs. Kerr told a reporter that she and her senator husband will move into an apartment at the Sheraton Park Hotel. The Kerrs have three married children, and their fourth, 17-year-old Billy, is leaving soon for his freshman year at the University of Oklahoma.

She said the Robertsons will move into their new home Aug. 15.

GREATEST THING THAT EVER HAPPENED TO THE HARDTOP

204-hp Buick Century, 6-Passenger, 4-Door Riviera, Model 63

THEY MADE THE RIVIERA A 4-DOOR BEAUTY

—and now you can have it with

the biggest bonus deal in Buick history

Take a look at the sports-car snap and styling of the automobile pictured here and you'll notice that this is a Buick Riviera—the hardtop that has outsold all other hardtops in America, bar none.

Now take another look—and you'll see that this swift-lined dazzler has four doors, not just two.

And that's the big news. That's the buzzing excitement. That's the wonderful thing about this new kind of car that's sweeping the nation.

Here, you see, is the first combination of true hardtop styling and true Sedan comfort and convenience...

Because here you get the long, low, rakish look of a Convertible—with no center posts above the door line—with 4-door entry and exit—and with a bigger, Sedan-sized rear compartment.

Great news? Sure is—but it's only part of the good things you'll find in the line of great Buicks now sweeping the country.

There's the bold styling—the buoyant ride—the gorgeous new interiors that grace these big and roomy automobiles.

And there's the action here like you never experienced in a car before—because here is the velvet might of record-high V8 power combined with the whip-quick getaway response and gas savings of Variable Pitch Dynaflo.† And when you press the pedal, your spirits really soar.

Record Volume Means Profit-Sharing Deals

It is all these things that have zoomed our sales volume past all expectations. So we're declaring a profit-sharing bonus deal on every trade-in now—an extra allowance beyond the normally long ones we've been giving all year. That means you get:

1. A Bonus Trade-In Allowance—biggest in our history.

2. A Bonus Buy—because in Buick you get the thrill of the year—in style, power, performance, value.

3. A Bonus Resale—because a Buick always resells high—brings you more money when you trade it in.

Drop in on us this very week and make yourself a whopping buy on the hottest-selling Buick ever built.

†Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on ROADMASTER, optional on models extra cost on other Buicks.

Local Delivered Price of the 1955 Buick SPECIAL 2-Door, 6-Passenger Sedan, Model 48 (shown at right) is

\$2273³⁵

*Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

Diplomats Make Merry At Soviet Leader's Party

MOSCOW (AP)—Foreign Minister Molotov became a cropper as he wound up a boat ride with Mrs. Subandrio and Argentine Ambassador Leopoldo Bravo. In beaching the boat, the foreign minister rowed too far up on shore and the water poured in over the depressed stern.

Molotov blushed as Defense Minister Zhukov called him "a terrible sailor."

"One should ride with you around the edge of the lake not in the middle," the marshal added.

The guests snapped hundreds of candid photos of their hosts, prompting one newsman to ask Bulgannin, "Doesn't this look to you like the start of Eisenhower's plan to do photo reconnaissance of the Soviet Union?"

"Yes, I suppose this is the start of it," the Premier replied, roaring with laughter.

Reporters noticed corn growing on the grounds and asked Bulgannin if Khrushchev had enlisted him in his corn-growing campaign.

"Yes, he has got me growing corn, and strawberries too," Bulgannin said.

The Premier also told reporters he has no plans "for invitation yet to visit the United States, but I hope that at some time this will be brought about."

Normal Party

The occasion was an informal 5 1/2-hour party Bulgannin gave Sunday at his country estate 60 miles southeast of Moscow. The 150 or so guests included foreign diplomats and newsmen and their families and many Russians.

The Soviet capital had never seen anything like it as the Premier himself admitted.

The program included a two-hour luncheon, community singing led by stars of the Bolshoi Theater, fishing and boating on the estate's lakes, and a drive through the deer park. Some of the group gathered under a fir tree for the telecast of the Moscow Spartak soccer team's 3-0 victory over England's Wolverhampton Wanderers.

Bulgannin in a short speech at the end of lunch said the party was a direct result of the harmonious atmosphere displayed at the Geneva summit conference. He added that he hoped it would be only the first of many such festivities.

"But this should not interfere with our work," Khrushchev interjected.

Responding to the Premier, the dean of the diplomatic corps, Burmese Ambassador Maung Ohn, said the envoys wanted to repay the Russian hospitality with an annual dinner for the Soviet leaders.

The women were members of Norwegian political parties, who had accepted a Soviet invitation to visit Russia. The remaining victims were Russians, five of them crewmen.

Norwegian Embassy officials here said they had been informed of the accident Sunday night.

The Soviet Foreign Ministry extended the government's "deepest regrets" Sunday to the Norwegian charge d'affaires. The charge also was told Russia would pay indemnities for the loss of the Norwegian lives.

The Tass News Agency dispatch in Pravda said the plane was "making its usual trip from Stalingrad to Moscow" when it "caught fire in the air and crashed."

Russian Plane Crash Kills 25

Press for First Time Reports on Disaster

MOSCOW (AP)—Pravda today published news of one of Russia's worst known air disasters in recent years—the fiery crash of a Soviet airliner which claimed the lives of 25 persons, including 10 Norwegian women.

It was the first time in years that the Soviet press has reported such an accident. The brief dispatch of page three of the Communist party organ said the tragedy occurred Saturday near Voronezh, 290 miles southeast of Moscow.

The women were members of Norwegian political parties, who had accepted a Soviet invitation to visit Russia. The remaining victims were Russians, five of them crewmen.

Norwegian Embassy officials here said they had been informed of the accident Sunday night.

Gina Wears Dress, Not Tights, in Paris Parade

PARIS (AP)—Bosomy Gina Lollobrigida paraded through Paris Sunday to help advertise her new picture but the public still will have to pay to see the Italian movie queen in tights.

Press agents had said Gina would give a preview of how she looks in the movie "Trapeze," being shot here with Gina, Burt Lancaster and Tony Curtis.

Instead Mexican actress Kay Jurado wore the acrobatic attire and Gina rode a horse-drawn float in a full-skirted dress. Explanations ranged from "She strained her back on the trampoline" to "she was up too late last night."

At least feminine onlookers weren't disappointed. Both Lancaster and Curtis wore tights—and smiles that looked a bit forced.

Senator Doubts Contract With Dixon-Yates Legal

WASHINGTON (AP)—Sen. Kefauver (D-Tenn.) has told Atty. Gen. Brownell certain aspects of testimony developed at hearings into the Dixon-Yates contract indicate the government may not be liable for cancellation charges.

Dixon-Yates officials have indicated they may seek five million dollars or more from cancellation of the contract for a power plant which would have sent power into Tennessee Valley Authority lines. Kefauver announced Sunday he had sent to Brownell the record of hearings on the contract held by a Senate Judiciary subcommittee he heads. He said he pointed out portions he thinks cast doubt on the legality of the contract.

Train Kills Lima Man

LIMA, Ohio (AP)—Robert F. Sanders, 26, of Lima, was killed early today when struck by a train. Police said Sanders' body was found on the tracks a block and a half south of the railroad station. They said he apparently was struck by a train after getting off an excursion train which arrived from Cincinnati shortly after 1 a. m.

Expedition Gets 38 Animals for Cleveland Zoo

CLEVELAND (AP) - An African expedition financed by a small group of Cleveland businessmen has netted the Cleveland Zoo 38 animals and birds and established a "permanent supply system for wild animals."

This was disclosed yesterday when some of the party returned to Cleveland Hopkins Airport. Returning were Gordon A. Stouffer, chairman of the board of the Stouffer Corp., restaurant chain, and Frederick C. Crawford, board chairman of Thompson Products, Inc., and their wives. They had been gone since April 27.

Fletcher A. Reynolds, zoo director, joined the party in mid-June in Africa and now is on a ship in the Red Sea with the cargo of new Cleveland Zoo exhibits. Reynolds will leave the ship at Port Said in Egypt and fly here from Cairo later this week.

Except for three giraffes already in quarantine in New Jersey, the birds and animals are to reach New York Aug. 27.

Crawford, who has been mentioned as a possible successor to Harold E. Talbott as Secretary of the Air Force, said he heard the rumor in Rome but hadn't "heard anything from an official source."

Registration for LaRue Kindergarten Planned

Registration for the LaRue kindergarten will be held Friday from 7 to 9 p.m. and on Saturday from 2 to 4 p.m. in the kindergarten room of the municipal building, according to the announcement made today by the kindergarten committee.

Children whose fifth birthday comes prior to Jan. 1, 1956, are eligible for registration and attendance this year.

The pre-kindergarten school clinic will be held Tuesday, Aug. 16, at 9 a.m. in the kindergarten room.

Anyone unable to register on Friday or Saturday may contact Mrs. Doris Virden of the kindergarten committee prior to these dates.

Air Conditioner Industry Boom Keeping Outlook Bright in Steel

CLEVELAND (AP) - A strong factor in the bright outlook for the steel industry is the increased use of steel products by the air conditioning industry, "Steel," the metal working weekly, reports.

The National Steel Corp., Pittsburgh, has said that by 1960 air conditioning will be in half of all new homes built in the United States, in most hospitals and in one-fourth of new automobiles and office buildings.

"Steel" also pointed out that orders from the booming construction industry have aided in the strengthening of demand for steel products. It cited two recent price increases as proof of the steel demand.

Phoenix Iron and Steel Co., Phoenixville, Pa., hiked its price on standard and wide flange structural sections \$10 a ton above its competitors' price. Central Iron and Steel Co., Harrisburg, Pa., boosted its price on carbon plates \$12 a ton above that of other companies.

June bookings for fabricated structural steel were the highest since April, 1951, and the orders still are rolling in, according to the American Institute of Steel Construction.

Recent orders included two big ones—each for approximately 30,000 tons of structurals—for new plants for the Fisher Body Division of General Motors Corp. One will be at Mansfield, Ohio, and the other at Marion, Ind.

"Steel" reported that in the week ended Aug. 7 the nation's steel ingot production declined 3 points to 90 per cent of rated capacity. Labor trouble cut operations in the Birmingham district from 93.5 per cent to 21 per cent, it added.

'Dial M for Murder' Set At Playhouse-on-Green

"Dial M For Murder," a hit on the New York stage for 69 weeks, will be presented by Playhouse-on-the-Green near Worthington for six nights beginning Tuesday, Aug. 16. Joel Thomas will star as the debonair internationally famous tennis champion with a mind to murder his wealthy wife.

As its title implies, "Dial M For Murder" is a mystery-melodrama, but it is not a "Whodunit." The audience is let in from the start on the full and ominous details of an idler's ingenious plan for disposing of a wife and inheriting her money. The play's suspense results from the question of whether this calculating husband can divert suspicion of all the other characters from himself and make his own alibi stick.

"Private Lives" opens at the tenthouse "theater in the round" tomorrow.

Local Company Expanding

Fertilizer Firm To Build New Cardington Factory

Construction of a new liquid fertilizer manufacturing plant, general office building and sales and display building at Cardington was announced today by the Anco Chemical Co. of Marion.

Arthur W. Bowen, president and general manager of the local company, said construction already has been started on a mixing and storage building and construction on two other buildings is planned to begin in September.

The mixing and storage building now under construction will cost some \$75,000 and will have a production capacity of 15 tons of liquid fertilizer an hour.

to other nearby states, he said.

The Anco company was organized in Marietta two years ago and moved to its present location at 196 Oak St. in December of 1953.

A water soluble plant food is manufactured at the Oak St. plant and is distributed throughout Ohio and 18 other states, Bowen said.

Present plans of the company are to maintain an office in Marion indefinitely although all its liquid fertilizer product will be manufactured at the new plant in Cardington.

New Railroad Traffic Control System in Use

UPPER SANDUSKY — Centralized traffic control went into operation on the Chesapeake and Ohio Railroad here last week in a project that began over two years ago at Richmond, Va., and has been progressing northward.

The local tower will still control the crossing near the tower, the crossing south of the Pennsylvania Railroad and the Route 30-N signal bridges. Others will be controlled by the Columbus dispatcher.

The system permits trains to operate in both directions on either track without train orders.

Centralized traffic control will eventually be employed throughout the entire C and O system. The stretch between Marion and Upper Sandusky required a year to complete.

The Automation Bugaboo

Suddenly we American breadwinners have awakened to the realization that a new industrial age is reshaping our lives. Something deeply significant is happening and the key to it is in the word, "automation."

Recent years have brought great new sources of energy and new techniques of production. The atom and the electron are bound to bring about a great many more changes.

Rather than something to be feared, however, "Electronics and atomics offer to America the greatest opportunities for economic, social and cultural advances that this or any other country has ever known." These are the reassuring words of Brig. Gen. David Sarnoff, the country's outstanding authority on automation.

Of the automation age Gen. Sarnoff says: "We can grovel before these mighty forces the way man grovels before natural phenomena he does not understand. Or, we can meet them with courage, with wisdom, with a calm determination to channel them for useful and beneficial purposes. The choice is ours to make."

Automation will raise some real problems just as steam and electricity did when they were introduced to industry. Some people may lose their jobs to machines. This is bound to happen as automation takes hold in an expanding economy but the problem will not be permanent or serious for long.

As examples of the effects of automation, in 1955 the Bell Telephone Co. employed 95,000 operators and was 48 per cent dial. By the end of 1954 the system was 84 per cent dial and was employing 200,000 operators.

Benjamin Fairless, who recently retired as board chairman of the U.S. Steel Corp. has noted that since the introduction of automation in the automobile industry 14 years ago the number of auto workers has doubled.

Automation is already creating new industries. Today there are more than a thousand companies engaged in the manufacture of automatic control equipment alone.

There is no question that it will be no more possible to stop automation than to stop progress itself but by intelligent planning now, by individuals, companies and communities, the transition can be smoothed. After the shock wears off, the fear of automation will be taken for what it is worth, a foundless bugaboo.

Beware of Visiting Firemen

The State Department is working on plans for the stepped-up exchange of visiting delegations of Americans and Russians — and one point cannot be stressed too hard.

If anything worthwhile is going to come out of letting down the barriers, something must be done about the notion popular both here and in Russia that the way to make a good impression on visitors is to overwhelm them.

Russian agriculturists visiting in the Middle West have been overwhelmed until their tongues are hanging out. American farmers visiting in Russia have been wine and dined until they had to call a halt.

If the idea is to develop friendship between Americans and Russians, everything possible should be done to shuck off the visiting-fireman routine.

Real friendship between people of different nations cannot develop until they are given the privilege of being themselves. And people cannot be themselves when they are treated like symbols instead of human beings.

Americans want so desperately to be loved and admired that they turn earwheels and do nip — ups for every visitor from abroad. But whatever is lovable and admirable about Americans, Russians, or anyone else is not what they do when they are showing off. It is what they do when they are being themselves.

Real friendship between ordinary Russians and ordinary Americans will be possible when propaganda chiefs, diplomatic smoothies and experts in entertaining visiting firemen step aside.

Shortage of Psychiatrists

Ohio's new mental health program, now getting under way, relies heavily on the availability of psychiatrists. Unless the state can obtain the services of these specially trained doctors, its aim of dealing with mental illness in the early stages and thereby lightening the load borne by state mental hospitals may go astray.

The state is in competition with private practice for the services of these doctors. Psychiatrists are in chronically short supply, because of the growing recognition of the service they can perform.

Those who are available have a choice of private practice in communities where they are needed, or of associating themselves with public agencies in need of their services. Unfortunately, public agencies usually cannot pay enough to attract and hold the doctors they need.

Yet, Ohio's new mental health program is starting under the assumption that enough psychiatrists will be available to man the professional posts in the program.

Eventually, there may be enough to go around. But in view of the fact it may take as long as 12 years to train a psychiatrist, from the beginning of his college preparation to the end of his internship, Ohio shouldn't count them before they materialize.

Foreign Policy Harmony

By David Barnett

Bipartisan Support Top Achievement of Congress

Bipartisan support for United States foreign policy is rated by key legislators as the major achievement of the first session of the 84th Congress.

A survey of Democratic committee chairmen and ranking Republicans available as the session closed indicates that many lawmakers believe the session will go down in history as the one that united the people behind the country's quest for world peace.

Foreign policy was singled out even by those whose major field of activity during the seven-month session involved heavy responsibility for important domestic matters.

Sen. Byrd, for instance, chairman of the Senate Finance Committee, cited as the basic achievement of the session "the Formosa resolution and the atmosphere of a more stable peace."

THE RESOLUTION, passed last January, authorized the President to use armed force to protect Formosa and the Pescadores against armed attack.

Although it was generally agreed that the President did not require additional authority to use U.S. troops, the resolution gave congressional force to the U.S. position that aggression in the Far East would be resisted.

The Formosa resolution also was specifically mentioned by Rep. Burleson, chairman of the House Administration Committee; Rep. Miller, ranking republican on the House Interior Committee; Sen. Capehart, top Republican on the Senate Banking and Currency Committee and Sen. Case.

SEN. AIKEN, ranking Republican on the Senate Agriculture Committee, coupled with the Formosa resolution the defeat just before the Geneva Conference last month of the McCarthy resolution.

The resolution, sponsored by Sen. McCarthy, would have required the President to obtain prior commitments from the Russians for a discussion "at the summit" of the Soviet satellite countries. Opposed by the State Department, the resolution on the final vote received only four votes.

The floor action, engineered by Democratic Majority Leader Johnson, is believed to have freed the hand of the President in international dealings from the restraining influence of the extreme right wing of his party.

The Senate, on July 14, passed a resolution "expressing the sense" of the Congress that the government should support other peoples in efforts to achieve self-determination.

Sen. Wiley, ranking Republican on the Foreign Relations Committee, put support for the bipartisan foreign policy at the top of his list of congressional achievements.

SEN. CARLSON, cited the "laying of a firm groundwork for peace." Under this heading, he included the granting of West German independence and the Austrian Treaty.

The Senate approved a treaty of friendship with West Germany July 27. It ratified admission of Germany to the North Atlantic Treaty Organization April 1, and on the same day approved the termination of the occupation regime.

The Austrian Treaty, ratified June 17, and the German treaties also were rated as top achievements by Sen. Green, ranking Democrat on the Foreign Relations Committee.

A FEW CONGRESSMEN rated congressional cuts in requests for funds as the greatest achievement of the session.

Sen. Ellender, chairman of the Agriculture committee, called the denial of 550 million dollars for foreign aid the most important action of the Congress.

As he saw it, the cut represented a "step in the right direction, a step towards a balanced budget."

Sen. Dvorshak put at the top the shaving of 1.8 billion dollars off the administration's request for appropriations for the 1956 fiscal year.

Other congressmen listed as the most important achievement measures of particular interest to the areas they represent in Congress.

Claim Agent

By TRUMAN TWILL

The American Automobile Association has pulled out of automobile racing because it finally is ready to admit there is any merit in the claim that racing cars are the best way to experiment with new engineering wrinkles. The fact is auto racing always has been a sport. It has attracted crowds because of the likelihood of accidents.

Why not clear the decks of some other claims that never were true? Cigar and cigaret ashes dropped on the carpet have no more exterminating value than cigaret and cigar smoke blown on house plants. These are claims held over from the time when smoking in the house was frowned on by good housekeepers because it is a messy practice — and nicotine addicts had to justify the trouble they caused.

Children punished regularly with blows on their bodies have no better chance of growing up staunch and true than children who never have had a hand raised against them or brought down upon them in anger. Most child-beating, like all wife-beating, is a holdover from ancient times when it was customary for the head of the family to throw his weight around to show who was boss.

The practice of running the tails off horses before large numbers of human beings who rather gamble than eat has no bearing on "improvement of the breed," as horse-lovers like to claim. It has bearing only on the amassing of large sums of money by people who own race tracks — so why not leave the horses out of it?

Freedom of the press does not justify publication in any way, shape, or form of the kind of men's-room smut and slander that always finds a ready market among literate hyenas. All states, fortunately, have laws restricting the use of libel as a means of making a living — and if the laws are unsatisfactory there always is the original method of suddenly inserting a fist in the eye socket.

Hot weather is no excuse for upsetting the national stomach with weird concoctions of foods that would test the digestive powers of goats in any season of the year. The fact is and always has been that the stomach cannot digest anything until it has been warmed up, and failure to take this into account is responsible for most hot-weather digestive upsets.

The politicians who run the Communist conspiracy from their vantage point in Russia's Kremlin do not change their minds about what they are doing with each change of the weather outside the Curtain. That is something dreamed up to justify the efforts of politicians outside Russia who want to believe the Kremlin finally has succumbed to their political charm, just like the voters at home.

It is not necessarily true that everything which is called summer clothing is cooler than everything which is called something else. This claim is made to justify the purchase and possession of more clothing than otherwise would seem justifiable. The fact is that people who work in intense heat wear winter-type clothing to insulate their bodies.

Hot weather does not cause irritability, either. Irritability is caused by human orneriness.

Continued Joy at Geneva

Trend Toward Economy

By Raymond Moley

This session of Congress, the last before a big election year, ended on a quiet but, when all things were considered, a positive note.

The legislative branch of government did most of its routine work and indicated good judgment in what it rejected. For this, it is impossible to assign political credit. On most major decisions the vote was far from a straight party affair.

As in past years, the House proved to be more economical than the Senate. It also indicated a greater regard for the taxpayer's interests in its actions than the President manifested in his requests.

Thereof would be taken in conference. Both Democratic and Republican leadership found that, if carried to the floor, the bill would die, and so it was passed over for the session.

A WISE MEMBER of the House commented in the course of the past month that he has found a new spirit of caution among his colleagues. This is no doubt due to the fact that members from the states which must shoulder the

Dealing With Red China

By JAMES MARLOW

WASHINGTON

The United States treats Red China as a ghost that casts a shadow. It does not concede Communist China legally exists. But it deals with the Red Chinese.

This country refuses to recognize the Communists as the lawful rulers of mainland China although they have governed its almost 600 million people ever since running Chiang Kai-shek off the mainland to Formosa more than five years ago.

But an American ambassador and a Red Chinese ambassador are discussing in Geneva now the release of their nationals from each other's country. They may discuss more than that.

Dulles, Chou Debate

Meanwhile, Secretary of State Dulles, who says the Geneva meeting doesn't imply recognition of the Red regime, is having an intercontinental debate with Chou En-lai, Red Chinese premier and foreign minister.

Each is talking directly to the other but not officially so — each is making public statements intended for the other's ears — to find out what the other is willing or likely to yield.

In the end Dulles and Chou may meet too. Since both insist they want peace in Asia, each would have to convince the other by concessions. One thing the Red Chinese want is a seat in the United Nations. The United States has blocked that, with help from other countries.

The United States might no longer want to block it if Chou gave sufficient peaceful guarantees, including an agreement not to attack America's ally on Formosa, Chiang, who claims to be the lawful ruler of mainland China. Once Red China was in the U.N.,

Over 175 members of the Uniform Rank, Knights of Pythias, representing companies from Marion, Fostoria, Carey, Shelby and Crestline, attended the annual battalion encampment at the Fairground here.

Three American troopers and two Texas rangers were wounded and approximately 20 Mexican bandits killed and wounded in a battle at the King ranch house near Norias, Tex., which the bandits had besieged and fired upon continually for two hours.

20 YEARS AGO — Dirt was scheduled to fly from the shovels of relief workers within the next few days with the start of the newly created works progress administration in Marion County and the state. C. C. Stillman, WPA administrator for Ohio, said the work would begin on the state's 1,350 projects within three days after he was notified formally that \$9,761,449 in federal funds had been deposited to Ohio's credit.

The muddy waters of Ohio's worst flood in 22 years reached their crest or began to recede, leaving in their wake two dead and property damage estimated to exceed \$1,000,000.

Arrangements had been made by the Marion Hobby Club to make an industrial parade one of the main events of Marion's second annual Hobby and Homecoming Week in late August.

Work on the new Harding High School athletic stadium was progressing well on schedule, Erwin Nesper, FERA works manager, announced. The work was to be completed by Oct. 1.

10 YEARS AGO — President Truman announced that Russia had declared war on Japan.

The obliterating blast of a single atomic bomb dropped by a lone Superfort destroyed 60 per cent of the important Japanese city of Hiroshima and Tokyo admitted that practically nothing escaped death in its scorching path. Tokyo reported "Those outdoors burned to death, while those inside were killed by indescribable pressure and heat." It said the city was in "disastrous ruin" and that houses and buildings were "crushed" but the newspaper Asahi Shimbun appealed to the people to remain calm and "pledge to fight through until the last." General Spaatz warned the enemy more B-29's were ready to drop more of the world's most destructive explosives on the island cities if resistance continued.

The growing fleet of Superfortresses struck for the third straight day at the heart of the Japanese empire with their multiple blows landing on Yawata, the "Pittsburgh of Japan," the one great Tokyo arsenal and the Nakajima Mushino-Tama aircraft factory just outside the capital.

Veteran Newsman Herve Miner Dies; Funeral Tomorrow

MARIETTA, Ohio (U. S. — Funeral services will be held tomorrow for Herve W. Miner, 72, news editor of the Marietta Daily Times who died Saturday night in the Cleveland Clinic after a series of operations.

A veteran newsman, Miner had been ill for a little more than a week. His death was attributed to an embolism. He underwent one operation in Marietta last week while on vacation, and Saturday was taken by airplane to the Cleveland Clinic where he underwent three more operations.

He started his newspaper career in Marietta in 1903, working on the old Marietta Journal and later the old Leader. About 1909 he joined the staff of the old Canton Daily News, and in subsequent years held the titles of city editor, news editor, managing editor and publisher of the Canton newspaper.

He was managing editor of the Canton newspaper when its publisher, Don Mellett, was slain as the aftermath of the newspaper's crusade against crime in Canton.

He served in the Army during World War I, participating in most of the battles in which American forces took part, and was discharged as a major.

In 1931 he became Sunday editor of the Philadelphia Public Ledger, and later became editor of that newspaper's syndicated service.

He returned to Marietta 11 years ago to become news editor of the Times.

He leaves his widow; a son, Riley P. Miner of New York; three daughters, Miss Priscilla Miner of Harrisburg, Pa., Mrs. Sherman Conn of Miami, Fla., and Mrs. George Mann of Philadelphia; five sisters and one brother.

Funeral services are scheduled tentatively for 1 p.m. Tuesday at the Hadley Funeral Home here. Burial will be in Marietta.

The firing squad, in charge of Charles W. Browning, was composed of Don Williams, Howard Tweedle Browning, Norman Ralston, Bert Riley, Charles Wynn, Earl Black, Fred Fetter and Don Crates. Bugler was Howard Sines.

The American flag was folded by Fred Thacker and D. J. MacDonald and presented to the military escort, after which it was presented to the serviceman's family.

PONDERS MARINE FUTURE. Eugene Landy, 21-year-old honor graduate of the U. S. Merchant Marine Academy at Kings Point, N. Y., wonders what's in store for him after signing as an able seaman aboard a Sun Oil Co. tanker at Marcus Hook, Pa. Denied a naval reserve commission because his mother is a former Communist, Landy's case has stirred criticism from Congress and others.

Landy Sure Navy Will Reverse Stand On His Commission
MARCUS HOOK, Pa. (U. S. — A 21-year-old honor graduate of the U. S. Merchant Marine Academy sailed Sunday aboard a tanker as a deck hand after saying he felt sure the Navy would reverse its decision denying him a commission in the Naval Reserve.

Eugene Landy, Belmar, N. J., was denied the commission because his mother Mrs. Deborah Landy is an admitted former Communist. He has appealed the ruling.

Landy is working aboard the huge supertanker Western Sun, which is making a 30-day round-trip voyage to Beaumont, Tex.

Shortly before he graduated from the maritime college at Kings Point, N. Y., last Friday, he was told that he would not receive his officer's commission. A number of Congressmen have

Miss Stewart, Mr. Barclay Wed in Cleveland Church

Euclid Avenue Christian Church in Cleveland was the scene of the wedding of Miss Jeanette Dobbie Stewart and Donald Kennedy Barclay Saturday evening. The bride is the daughter of Mr. and Mrs. Andrew D. Stewart of 455 N. Prospect St. and the bridegroom is the son of Mrs. Charles Barclay of Cleveland and the late Mr. Barclay.

Palms, bouquets of gladioli and lighted tapers in seven-branch candelabra was the setting for the 7:30 o'clock ceremony at which Rev. Walter MacGowan officiated. Given in marriage by her father, the bride wore a gown of white bombazine designed by Bianchi. The bodice was of Alencon lace encrusted with pearls and the skirt gathered at the hip and back, was attached to a dropped waistline and extended into a court train. Her fingertip veil was held by a lattice cap of lace and she carried a bouquet of white roses and stephanotis.

Mrs. Raymond Otte, a sorority sister of the bride, was the matron of honor, bridesmaid was Miss Carolyn Klapp of Tiffin, and Miss Joan Eichenberger of Cleveland, niece of the bridegroom, was the junior bridesmaid. Mrs. Otte and Miss Klapp wore gowns of shell pink nylon marquisette styled with tucked bodices and accordion pleated skirts. Completing their costumes were sashes in a cherry shade and their flowers were pink gladioli. The junior bridesmaid wore a gown of white marquisette over pink.

Best man for Mr. Barclay was William Barclay of Cleveland and ushers were James Conway, Donald Beck of Cleveland Jack Parsons of Cleveland Heights and Dr. R. John Stahl of East Cleveland.

The reception was in the church parlor where an all-white decorative theme was carried out. Later

Mrs. Donald K. Barclay

the couple left on a wedding trip to New York City and the New England States. They will make their home at 1762 Chapman Ave. in East Cleveland.

The bride was graduated from Harding High School and Bowling Green State University in 1951, and is a member of Alpha Xi Delta, social sorority and Kappa Phi educational honorary sorority. The bridegroom attended Miami University and was graduated from Western Reserve University in 1951. He received his degree in law from Marshall Law School this year. His fraternities are Delta Kappa Epsilon and Delta Theta Phi legal fraternity.

The bride taught in the Lakewood schools for two years and will join the faculty at Lyndhurst in the fall.

Weddings

The wedding of Mrs. Mary Bratton, daughter of Mr. and Mrs. Ed Merkle of Hobart, Okla., and 1st Lt. Richard Owen Holliday, son of Mr. and Mrs. R. H. Holliday of near Marion, took place July 1. The ceremony was performed by Rev. W. H. Andrews, pastor of the First Baptist Church, in the home of Mr. and Mrs. Thomas Stewart at Bryant, Tex.

For the ceremony the bride wore a ballerina-length dress of ice blue starched cotton and her flowers were pink rosebuds and stephanotis.

Mrs. Lynn Megill of Corpus Christi, Texas, sister of the bride, was the matron of honor. She wore an off-white linen dress and a corsage of blue gardenias.

First Lt. David M. Price of Laredo Air Force Base, Texas, served as best man for the bridegroom.

Among those assisting at the reception was Mrs. L. D. Custer of Arkansas City, Kas., sister of the bridegroom.

Upon their return from a wedding trip in Texas the couple is making their home at 112 Hardy St. in Bryan, Tex.

The bridegroom has served in the U. S. Air Force for the last three years and last year was a fighter pilot in Korea. Since his return to the United States he has

been an instructor at at Bryan Air Force Base.

The wedding of Miss Florine Suzanne Arnold, daughter of Mr. and Mrs. Cletus R. Arnold of Upper Sandusky and Kenneth P. Howard took place July 16 in the Little Flower Church in Toledo. Rev. Carl Schieb officiated for the ceremony. The bridegroom is the son of Mr. and Mrs. Ralph Howard of Stanford, Conn.

The bride wore a waltz-length dress of nylon net and lace and a fingertip veil. Her flowers were white roses and carnations.

Miss Donna Jean Winterhalter of Toledo was the maid of honor and Miss Betty Winterhalter of that city was bridesmaid.

Stewart D. Bicknell of Toledo served as best man for the bridegroom and the bride's brother, Robert E. Arnold was usher.

A reception followed at the newly-constructed ranch home of the couple in suburban Toledo.

The bride was graduated from the Upper Sandusky High School and Mercy Hospital School of Nursing in Toledo. She attended Mary Manse College for post-graduate study while working at Mercy Hospital.

The bridegroom is assistant personnel manager with the Surface Combustion Corp. He is a graduate of Colgate University and received his master's degree in business administration from New York University.

Potato Riot Reported

BERLIN (AP)—A shortage of potatoes in East Germany caused a crowd to manhandle Communist police at nearby Potsdam-Babelsberg Saturday, the information Bureau West said today. The bureau said scores of persons lost their tempers when told of an official order restricting the purchase of potatoes to one pound per customer.

Passenger Hurt In One of Two Area Accidents

One person sustained a minor injury in one of two accidents investigated in Morrow County over the weekend by state highway patrolmen from the Marion post.

Ronald Greene, 20, of Cleveland Heights, sustained abrasions about the head but was not treated following an accident at 6:40 p.m. Saturday on Route 42 about five miles north of Mount Gilead.

He was a passenger in a northbound car driven by Frank J. Faciana, 20, of Cleveland which went out of control and into a ditch, striking a power pole, as it attempted to pass a bus.

Extensive damage resulted to the car.

No one was injured in an accident which occurred at 5:18 p.m. Friday on Route 42 about two miles north of Mount Gilead. A northbound car driven by Morris Bloom, 39, of Mansfield, struck another northbound car, driven by Frank Watkins, 45, of Highland Heights, which had stopped to enable another vehicle to make a left turn.

Minor damage resulted to both vehicles, and Bloom was arrested on a charge of failing to stop within an assured clear distance ahead and is to appear before Mount Gilead Mayor Emery Murphy Wednesday.

Museum Show Marks Holiday In Small Town

CHICAGO (UP) — The cornbelt town of Bement, Ill., is celebrating its 100th anniversary this summer with a present to its 1,500 residents that would do even a large city proud.

The tiny hamlet, about 250 miles southwest of Chicago, opened to public view July 4 an art and historical collection which probably could not be found in any one large city museum.

Combined with the exhibit is a series of town meetings that is expected to draw some of the nation's most prominent speakers. Sen. Ralph Flanders (R-Vt.) was the first town meeting speaker July 4, and before the schedule

runs out in October, the programs are expected to include ex-Presidents Truman and Hoover, Carl Sandburg, Adlai E. Stevenson, James Farley, former postmaster general; Illinois Senators Paul Douglas and Everett Dirksen, Indian ambassador G. L. Mehta, Canadian health minister Paul Martin, and Mrs. Theodore S. Chapman, president of the General Federation of Women's Clubs.

Art Festival
Visitors who thronged to the art exhibit in the Bement High School during the first week of the showing saw original paintings, etchings and drawings by such artists as Rembrandt, Matisse, Rouault and Diego Rivera. French painter Rouault sent his picture "The Holy Face," which will be shown nowhere else in this country.

Also on display is sculpture carved in Greece's classic style and modern pieces done by Carl Milles, Jacob Epstein and Henry Moore.

Jacob Epstein sent his latest bust "Juiceen," and Henry Moore created a piece of sculpture especially for this exhibit.

There is pottery by Picasso, pre-Columbian and Mayan sculpture from Mexico, the Pensell ink drawings of the Panama Canal and stone sculpture of the Eskimos.

Lincoln-Douglas Papers
On autographed manuscripts of their works are the names of Mozart, Beethoven, Berlioz, Richard Strauss, Sibelius, Puccini, John Alden Carpenter, Eugene O'Neill and others.

It was in Bement on July 30, 1858, that Stephen A. Douglas decided to debate with Abraham Lincoln in their fight for the senate, and the Lincoln-Douglas letters are displayed in the exhibit. Five documents from the Library of Congress, including the copy of the Gettysburg address that Lincoln held in his hand when he gave that speech, also are on view.

The presentation was assembled by Carleton Smith, a Bement resident who heads the National Arts Foundation of New York.

Washable Woolens Boon to Mothers

IT LOOKS LIKE a carefree winter for this year's school belles — and their hard-working mothers.

Washable woolens have arrived with a bang, and are available in quantity in shops throughout the country. While last year only eight mills were producing sanforized washable woolens, this year 22 mills are turning out the shrink-resistant wool fabrics, which are being made up into almost every conceivable type of garment.

Here are three popular styles for juniors and sub-teens, in sanforized washable woolens. They are (l. to r.): Charcoal gray flannel jumper with buttonhole trim on slash pockets; unlined wool shirt-jacket, newest enthusiasm of the high-school set, worn with or without a blouse; men's wear flannel slacks with smart tapered legs. All are machine or hand washable.

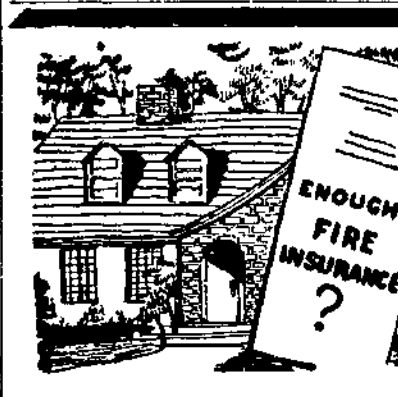

Parents of both big and little school boys and girls will be glad to know that the new washable woolens can be tossed into the washing machine with the rest of the family laundry. In shopping for these woolens, here are a few things to remember:

1. First look for the label which identifies the fabric as treated against shrinkage.
2. Be sure the garment doesn't have a lot of interlinings and padding which might not be washable.

When washing the new sud-sable woolens, you may use an automatic washing machine, use warm (not hot) water and set the washing cycle to not more than two minutes for lightly soiled garments, three or four minutes for clothes which are heavily soiled. The spin-dry type of machine is all right for these woolens, but they should not be

put through a wringer. When you take them from the machine, put on a hanger and pat into shape, to avoid a complicated pressing chore.

If the clothes are washed by hand, they should be squeezed gently — not wrung — and again hung on a hanger to dry.

Boy Suffers Accidental Gunshot Wound at Play

A Marion County boy accidentally shot himself while playing with a B-B gun Sunday noon, the sheriff's office reported today. The boy was Steven Retterer, 8, son of Mr. and Mrs. Robert Retterer of near Caledonia.

Deputies reported the boy shot the B-B gun at a 30.06 caliber bullet at his home. The bullet exploded and sent fragments through the boy's upper arm and left hand. He was taken to a local physician for treatment, then released.

Ohio Men Drown

MEADVILLE, Pa. (UP)—Two Ohio men drowned last night in an unguarded swimming area of Pymatuning Lake near the Pennsylvania-Ohio border. State police identified them as Robert McFall, 18, of Rt. 1 Lowellville, and Eugene Wilson, 26, of Youngstown.

MARRIAGE BOOM

NEW YORK (INS) — Marriages in the United States will rise to new high levels after the early 1960's, according to the statisticians of a major life insurance company. This upswing is likely to occur as the large numbers of war and postwar babies attain marriageable age. By 1965, men at ages 20 through 25 — who usually comprise about half of our groomsmen — will number about 8 million compared with six and a half million at present.

DUCK DINNER
PIERRE, S. D. (UP) — Mrs. Harold S. Freeman, wife of the South Dakota superintendent of public instruction, called a game warden when she heard a quacking in her fireplace chimney. The warden opened the draft and down into the firepot fell a wood duck.

RACCOON VISITS HOME
HARRISBURG, Pa. (UP) — Fred Marshall heard a scratching in his living room early one morning. When he got out of bed he found a big, snarling raccoon. Marshall chased it to the third floor and back down stairs before it escaped through a hole in a screen door which had been made for the cat.

RETAIL SALES
NEW YORK (INS) — The furniture and home furnishings business is the third largest consumer industry in America, representing about \$16 billion worth of retail sales annually. More than 6,000 factories produce the goods which are distributed to about 103,000 retail stores, with some 50 million families and institutions buying this production each year.
